**GIRL BESTS MAD  
MAN; SAVES FOUR****Brave Female Beaten Uncon-  
scious With Gun.****Assaultant Shoots Friend and  
Wounds Himself.****Faulty Weapon Prevents  
Killing in Chicago.**

(ASSOCIATED PRESS DAY REPORT.)  
CHICAGO, Feb. 23.—In a struggle with Robert Braun, in which a girl braved a pistol and was beaten about the face until she was all but unconscious, the victim last night won her opponent and, by a remarkable display of courage, probably saved the lives of four children.

The unequal fight occurred in the parlor of the home of George Eichner, and Miss Emma Eichner, 18 years old, was the heroine. It began the instant that Braun, who was nursing fancied wrongs against Eichner, knocked at the door early in the evening and asked to be admitted.

"GRAPPLES WITH ARMED MAN."  
"No, you had better come around tomorrow," said the girl.

"I'm here now, and I'm here to stay!" exclaimed Braun, pulling the pistol from his pocket and forcing his way into the hallway.

Miss Eichner seized his arms and with all her strength tried to push the intruder back. Together they struggled until, reaching the parlor door, Braun noticed the four children who leveled the pistol at the children who huddled under a davenport in a corner, but the girl struck the muzzle of the weapon upward as Braun fired.

Unable to bring the pistol into play, Braun beat the girl until blood flowed from half a dozen wounds in her face. But she stubbornly clung to him. Again and again he fired, but to no purpose.

**SHOOTS FRIEND; WOUNDS SELF.**  
Finally the gun clogged and while he was examining it, Miss Eichner pushed him out of the front door and closed and locked it. Braun then rushed to the tailor shop of an acquaintance, Joseph H. and, shot him in the shoulder and in the hand and was about to fire a third time when once more the gun clogged.

He drew another weapon from his pocket, but it missed fire. While examining it he shot one of his own fingers off. He then abandoned his attack, called a doctor's office and was arrested while his injury was being treated. Braun will be held in jail pending an examination into his mental condition.

**MURDER IN SIOUX CITY.**  
**HALF-BREED KILLS WHITE.**

(ASSOCIATED PRESS DAY REPORT.)  
SIOUX CITY, Feb. 23.—News came to Treka from Glita, a mining camp in western Sioux city, yesterday morning by telephone that George Nicholas, a half-breed Indian, had shot and instantly killed John Dobbins, a photographer and prospector and formerly of Kennett, Kansas county. The trouble is said to have started over the owner-

**Dodge the Issue.****RECIPROCITY BILL MAY GO TO  
SENATE SANS RECOMMENDATION.****(ASSOCIATED PRESS NIGHT REPORT.)**

WASHINGTON, Feb. 23.—Hearings on the Canadian reciprocity agreement were concluded today by the Senate Committee on Finance and at 10:30 o'clock tomorrow the committee will meet to determine the form in which the McCall bill, to carry the agreement into effect, will be reported.

**Direct.****SENATE ASKS MR. TAFT FOR DATA  
ABOUT CANADIAN AGREEMENT.****(ASSOCIATED PRESS NIGHT REPORT.)**

WASHINGTON, Feb. 23.—A resolution calling on the President to submit to the Senate all the information he has bearing on the Canadian reciprocity agreement, together with the data and statistics gathered by the Tariff Board, was offered today in the Senate by Mr. Cummins and adopted.

**MAY AMEND BILL.**  
An amendment making the request, "if consistent with the public welfare," was adopted.

This move indicates a determined effort will be made on the floor of the Senate to amend the McCall bill to carry out the provisions of the Canadian reciprocity agreement, and that the movement will receive the support of a considerable number of Republicans, both regulars and insurgents.

The resolution receives the practical approval of several old guard senators, and especially of Senator Hale, who said he was in sympathy with the idea, in that it might lead to entirely new negotiations with Canada.

**WHAT DATA INCLUDES.**  
The Cummins resolution specifically called for the Tariff Board's data on pulp wood and paper; wool, whether raw or manufactured; woolen thread, cloth and clothing; cotton thread, cloth and clothing; carpets, boots and shoes; pig iron, coal, manufactures of iron or steel, coal, wheat, flour and lumber.

Later agricultural implements were included at the suggestion of Senator Dixon.

The resolution did not set forth that some of the articles specifically mentioned did not come within the terms of the reciprocity agreement and Senator Smoot called attention to that fact.

**CANADIANS NOT UNIT  
ON TREATY QUESTION.**

(ASSOCIATED PRESS DAY REPORT.)  
NEW YORK, Feb. 23.—After a three weeks' flying trip through Western Canada studying trade conditions with a view to speaking on the reciprocity question before the House of Commons, Col. E. Price-Jones, M. P., has just left New York for London. He visited Montreal, Winnipeg, Calgary and a number of far western points to get

ship of a mining prospect. After the shooting Nicholas met Gus Deane, a brakeman on the trail and told him he had killed Dobbins and that he was going to coast outside. He was bleeding at the time and seemed wounded. A deputy sheriff of Sayers Bar was notified and left for the scene.

**NO PETTY LARCENY FOR HIM.****Drunken Lumberjack in Idaho  
Woods Steals Full-Sized Steam Locomotive and Makes Wild Run.**

(BY DIRECT WIRE TO THE TIMES.)  
MOSCOW (Idaho) Feb. 23.—(Exclusive Dispatch.) Stealing an engine in the yards at Bovill, this country, on the Washington, Idaho and Montana Railroad, Frank E. Young, a drunken lumberjack, started for Palouse last night at 6 o'clock. The regular train, on schedule time, was on the run from Potlatch to Bovill, and consternation was caused at the offices at Potlatch and Bovill, as it seemed that a collision was inevitable.

In the nick of time, however, as the regular was starting from Deary, the operator was caught on the wire and the train sidetracked. Another engine was started from Bovill in pursuit, which overtook the runaway engine between Bovill and Deary. Young was taken to Bovill and placed under arrest.

**SECURES SIXTH DIVORCE.****Muchly-Married San Francisco  
Woman Gets Her Maiden Name  
Back Again.**

(BY DIRECT WIRE TO THE TIMES.)  
SAN FRANCISCO (Cal.) Feb. 23.—(Exclusive Dispatch.) Mrs. Edith May Polson, her maiden name, will be the title of the woman who today secured her sixth divorce. As Mrs. Edith May Pagnuolo, who was the wife of Jimmie Dunphy, and of three other predecessors of Jimmie's, she secured an interlocutory decree of divorce from Ernest Pagnuolo, the attorney who aided her in undoing the marital knot with Dunphy.

"The woman's suit against Dunphy for divorce attracted a great deal of attention four years ago. Dunphy was then possessed of a very large estate, comprising interests in cattle ranches, and the wife's decree granted her \$50,000 alimony. Afterwards Dunphy having investigated his wife's record, and finding that she had thrice before assumed the responsibilities of a married woman, he refused to pay her the alimony, and she was forced to marry him, secured an annulment of the decree and of her marriage. Silverstone, her third husband, is alleged to have enticed Edith May out of this snug fortune.

**WAS STABBED IN THE THROAT.****Mexicans Quarrel at Wood Camp  
and One Is Fatally Wounded by a  
Knife Thrust.**

EL PASO (Cal.) Feb. 23.—As the result of a quarrel at a Mexican wood chopping camp five miles east of the city at noon yesterday, Alvarina Guereita, aged 25, is dead, of a stab wound in the throat, and Frank Simas Gonzalez captured by a sheriff's posse in jail. The police say he has confessed to the murder. Frank Vasquez, another man wanted in connection with the killing, is still at large.

**FINANCES ANALYZED.**

After considering the question of just how far freight rates probably can be increased on account of the "higher rates," the committee on Finance and Commerce, yesterday, in a report to the Senate, analyzed the financial and operating methods of the railroads.

The opinion of the committee, however, is that the carriers have not, by showing that the increases in wages more than equal the increases in rates, made out the case for the proposed increases. The committee also found that the railroads have not been able to show that the cost of reproduction of their property is a factor in the proposed increases.

The committee also found that the railroads have not been able to show that the cost of reproduction of their property is a factor in the proposed increases. The committee also found that the railroads have not been able to show that the cost of reproduction of their property is a factor in the proposed increases.

**FAITH OF THE PUBLIC.**

"This is an evidence of the faith the public has in these proposals. The rate of dividends and the total amount of dividends have increased more rapidly than the additional mileage built."

Commissioner Lane points out that the western roads have increased their surplus more than 100 per cent. in ten years. The opinion holds that the "carriers do not need larger revenues for purposes of maintaining their credit or insuring them against temporary reverses."

In considering cost of operations, including wages, materials and all else that properly may be taken into account, the opinion holds that "the cost of the property of the railroads is not found to have increased, and that the cost of the property of the railroads is not found to have increased, and that the cost of the property of the railroads is not found to have increased."

"The cost of the property of the railroads is not found to have increased, and that the cost of the property of the railroads is not found to have increased, and that the cost of the property of the railroads is not found to have increased."

"The cost of the property of the railroads is not found to have increased, and that the cost of the property of the railroads is not found to have increased, and that the cost of the property of the railroads is not found to have increased."

"The cost of the property of the railroads is not found to have increased, and that the cost of the property of the railroads is not found to have increased, and that the cost of the property of the railroads is not found to have increased."

"The cost of the property of the railroads is not found to have increased, and that the cost of the property of the railroads is not found to have increased, and that the cost of the property of the railroads is not found to have increased."

"The cost of the property of the railroads is not found to have increased, and that the cost of the property of the railroads is not found to have increased, and that the cost of the property of the railroads is not found to have increased."

"The cost of the property of the railroads is not found to have increased, and that the cost of the property of the railroads is not found to have increased, and that the cost of the property of the railroads is not found to have increased."

"The cost of the property of the railroads is not found to have increased, and that the cost of the property of the railroads is not found to have increased, and that the cost of the property of the railroads is not found to have increased."

**HIGHER RATES.****(Continued from First Page.)**

tered a powerful plea for increased revenue in order that they might have additional money to put into improvements and betterments which would enable them to handle with greater facility the constantly increasing traffic of the country.

The same argument was advanced in support of the proposed advances in official classification territory; but Commissioner Prouty, who wrote the opinion in the eastern case, says:

"This argument does not appeal to us. We doubt the practical difficulty suggested, that of obtaining by loan sufficient money to finance the roads, and were it true, it is not apparent that the general public should stand responsible for the mistakes which have been made in financing these railroad systems."

**BEGINNING OF CASES.**

Both the eastern and western cases were brought to public attention in the spring of 1910. Just prior to the enactment of the existing interstate commerce law, which, in part, became effective June 15, 1910, the railways of the United States were divided into two classes, one in all and those of Western Tunk Lines Association territory, filed with the Interstate Commerce Commission for their freight rates.

The tariffs filed by the eastern lines increased the first-class rates between New York and Chicago points 15 cents a hundred pounds—from 75 to 90 cents; and made proportional advances on the other five classes. Some advances also were made on commodity rates; but the great bulk of the commodity tonnage of freight was not affected by the proposed advances.

The proposed advances affected approximately 15 per cent. of the total freight tonnage.

Approximately the same amount of tonnage was affected by the increases proposed by the western lines, but the rates were not affected in any way. Commodities alone were increased, the average advance on about 100 different articles being substantial.

At the time the tariffs were filed, the commission gave the railways the power to suspend rates. Subsequently, the proposed tariffs again were suspended voluntarily, first until November 1, and later until February 1, 1911.

The commission found it impossible physically to conclude its consideration of the case by February 1 and again the rates were suspended until March 15.

In withholding finally its approval of the proposed increases, the commission held that in deciding on the eastern and western cases was unanimous—that the carriers did not, in the proceedings, sustain what the law imposed upon them, namely, the burden of proof that absolute necessity existed for the advances proposed.

Dismissing the eastern case, Commissioner Prouty denies that the defendant carriers are justified at this time in demanding additional revenues from the public. He concedes that the increase in the labor accounts for the proposed increases in rates, but he holds that the carriers have not shown that the increases in wages more than equal the increases in rates, made out the case for the proposed increases.

The opinion holds, however, that "the carriers have not, by showing that the increases in wages more than equal the increases in rates, made out the case for the proposed increases."

The opinion holds, however, that "the carriers have not, by showing that the increases in wages more than equal the increases in rates, made out the case for the proposed increases."

**A Reasonable Plea  
For the Stomach****If Your Stomach Is Lacking in Digestive Power, Why Not Help the Stomach Do Its Work—Especially When It Costs Nothing to Try?**

Not with drugs, but with a reinforcement of digestive agents, such as are naturally at work in the stomach. Scientific analysis shows that digestion requires pepsin, nitrogenous ferments, and the secretion of hydrochloric acid. When your food fails to digest, it is proof positive that some of these agents are lacking in your digestive apparatus.

Stuart's Dyspepsia Tablets contain nothing but these natural elements necessary to digestion and when placed at work in the weak stomach and small intestines, supply what these organs need. They stimulate the gastric glands and gradually bring the digestive organs back to their normal condition.

Stuart's Dyspepsia Tablets have been subjected to critical chemical tests at home and abroad, and are found to contain nothing but natural digestives.

Chemical Laboratory, Telegraphic address, "Difundo," London. Telephone No. 11029 Central. 20 Cullum St., Fenchurch St., E. C.

London, 9th Aug. 1905.  
I have analyzed most carefully a box of Stuart's Dyspepsia Tablets (which I bought myself at a city chemist's shop for the purpose), manufactured by the F. A. Stuart Co., 86 Clerkenwell Road, London, E. C., and have to report that I cannot find any trace of vegetable or mineral poisons. Knowing the ingredients of the tablets, I am of opinion that they are admirably adapted for the purpose for which they are intended.

(Signed)  
John R. Brooke, F. I. C., F. C. S.  
There is no secret in the preparation of Stuart's Dyspepsia Tablets. Their composition is commonly known among physicians, as is shown by the recommendations of 40,000 licensed physicians in the United States and Canada. They are the most popular of all remedies for indigestion, dyspepsia, water brash, insomnia, loss of appetite, melancholia, constipation, dysentery and kindred diseases originating from improper digestion and assimilation of food, because they are thoroughly reliable and harmless to man or child.

Stuart's Dyspepsia Tablets are at once a safe and a powerful remedy, one grain of these tablets being strong enough (by test) to digest one egg, one ounce of meat, and one pound of food. Stuart's Dyspepsia Tablets will digest your food for you when your stomach can't.

Ask your druggist for a fifty cent package or send us direct for a free trial sample package and you will be surprised at the result. F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

Dismissing the western case, Commissioner Prouty denies that the defendant carriers are justified at this time in demanding additional revenues from the public. He concedes that the increase in the labor accounts for the proposed increases in rates, but he holds that the carriers have not shown that the increases in wages more than equal the increases in rates, made out the case for the proposed increases.

**A Better Day's Work**

**to Business**

—this 4th Edition of the Known Book "A Better Day's Work"; 192 Pages of about Short Cut Accounting.

135,000 copies of this book have been asked for and executives, expert accountants, cost keepers, bookkeepers, is interesting to all—offering definite system helps to the clerk—and giving the busy executive a birds-eye view of accounting practice.

**What Is This Book?**  
192 pages of information about time, work and worry-saving business systems, everyone of which has made good in actual use; this with a most interesting history of the development of mechanical accounting and a chapter or two on the latest Burroughs Bookkeeping machines makes up the most valuable business book ever offered free by any manufacturer.

**Interesting History**  
In the first few chapters the early history of accounting is vividly portrayed; the clever word-pictures and numerous full page illustrations give a clear idea of the difficulties which our ancestors experienced in handling their accounting systems (if we may so term them).

**System Helps for You**  
After this historical introduction, which concludes with the story of William Seward Burroughs and his machine, we take up a series of business systems that have really made good in daily service.

Here are a few of the chapter headings. Don't they look interesting?

Here are a few of the chapter headings. Don't they look interesting?

The Stone Age Accountant.	Hand vs. Machine Methods ...	How to Handle Monthly Statements.
First Portable Adding Device.	Advantages of a Mechanical Book-keeping Assistant to the Retailer.	Recapitulation of the Daily Sales.
Beginning of Commercial Bookkeeping.	Simple Method of Handling Petty Cash.	Reconciling Bank Balances.
Development of Modern Methods in Europe.	Proving Daily Postings.	Cost System Suggestions.
Handing of Charles Babbage and his Contemporaries.	Handling the Trial Balance With Less Trouble.	Daily Sales Sheet.
Wonderful Story of Burroughs' Invention.	Duplicate Records of Bank Deposits.	Showing Cost and Selling Price.
The Idea That Finally Brought Success.		Mechanical Check on Invoices.
		System for Retail Clothing Concerns.
		Burroughs' Perpetual Inventory System.
		Locating Trial Balance Errors.

It is here for you to use.

**"A Better Day"**

Gentlemen:—

Send me a copy of your book.

I believe it contains some advantages.

Name .....

**Our Contributors**  
Don't get the idea that this is a book of theoretical systems devised within the four walls of our office. It isn't. Thousands of Burroughs users—representing over four hundred lines of business—have contributed to it; we have simply edited and arranged it. People have bought the machine and have themselves applied it in business.

creases asked in freight rates. The decision was not announced until after the stock market had closed.

Since the first of the year stocks of the most important railroads have advanced ten points or more, and belief that the railroads would be permitted to increase their rates was to some extent responsible.

It was pointed out that the reports of the railroad's earnings within the last month, have shown, in most cases, material increases, and that the roads are in a better position to meet conditions they now face than they would have been had the decision been announced at an earlier date.

Railroad wages, however, have been increased generally within the last year, and the roads had looked forward to higher freight rates for compensation.

**Disgraceful.**  
**RABID SOCIALISTS ASSAIL COUNT.**

**POLICE SAVE APPOINTMENT FROM EX-CITED SLAVES.**

Chicago Meeting Scene of Hottest Demonstration When Noblemen Attempts to Address Hungarian-American Societies—Bombs Discovered by Detectives.

(BY DIRECT WIRE TO THE TIMES.)  
CHICAGO, Feb. 23.—(Exclusive Dispatch.) Count Albert Apponyi of Hungary was attacked by a riotous crowd of Slavs tonight during a speech at Music Hall, and was saved from possible death or serious injury only after a desperate fight by a guard of forty policemen. After the hall had been cleared of spectators and rioters

The rioting began immediately after Count Apponyi commenced to address the members and friends of the Hungarian-American Societies Federation. Fifteen Socialists, who interrupted the Count, were ejected by the police and then pandemonium broke loose. The rioting kept up until the close of the meeting, during which the police several times ejected other disturbers.

When Count Apponyi left the hall under a heavy police guard, the rioters sought to break through the line of police and attack him. The count's men were showing the crowd the way to the Count was shown in an automobile in waiting, the crowd gathered about the machine, making desperate efforts to strike him.

The crowd followed the automobile to

TRAPS CATCH PESTS IN PARK.

MANY WILD ANIMALS TAKEN IN SEQUOIA RESERVE.

Work of Men Employed by the Government Is Supplemented by Private Enterprise on Neighboring Lands and With Handsome Profits. Ranchmen Greatly Pleased.

VISALIA, Feb. 22.—In the Sequoia National Park, in the Sierra Nevada Mountains east of Visalia, the government is conducting some interesting experiments connected with the thinning out of predatory animals. At the suggestion of Head Ranger Walter Fry, Capt. Wright, who was last year acting superintendent of the park, urged the government in his annual report to take some action toward the destruction of animals that are pests within the park boundaries.

There is no increase or change in classification by reason of junction ratings, it being the opinion locally that increase might be demanded on that basis.

MEASURE IS ADOPTED. PORTERVILLE, Feb. 22.—At the meeting of the City Council which was held this evening, an emergency measure was passed, making it obligatory upon all owners of dogs to keep them confined upon their premises and, when taken from such premises, to have them muzzled and held in leash.

This action was taken following the definite statement from Dr. A. R. Lang, the deputy county veterinarian, in which he asserted that the cur killed here yesterday after it had bitten several other dogs, doubtless was afflicted with rabies.

Several dogs were brought to the veterinary officer's office today with the request by the owners that they be destroyed and dozens of stray dogs were shot out of hand by volunteer dog-catchers.

Lang asserted that he was so sure of the presence of rabies in the animal which was the cause of the panic in the residence section yesterday, that he would refuse to make any examination of the carcass, other than to remove the skull for transmission to the State University, where it is to be subjected to a microscopic examination.

DECLINES TO INDORSE. At the meeting of the City Council the members refused to pass a motion to wire to the Governor and the Assembly, urging them to pass the bill authorizing an appropriation for Monterey harbor.

The request that such a message be sent came in a lengthy "rush" telegram, which was handed to Mayor Vaughn just after the roll call of the council session. In the message it was "earnestly urged that the Council pass resolutions urging the adoption of the law for the harbor appropriation and transmit such resolutions by wire to Sacramento and charge the expenses to the Monterey Chamber of Commerce."

It was the universal sentiment of the Council members that the harbor bill should be passed, provided there is an improvement in the railroad facilities, such as an improvement, for instance, as is promised by the railroad now being promoted into this valley.

STATION AGENTS MEET. Following the adoption of the new freight rates to this city from Los Angeles, there was held in this city yesterday afternoon at the offices of the Chamber of Commerce a meeting of the station agents for the Southern Pacific in the twenty leading cities of the San Joaquin Valley to discuss the new rating, to check over short, over and damaged freight and for the general consideration of such problems as are peculiar to station accounting and general work.

This association was formed last year and quarterly meetings are held for such discussions. It is universally conceded that the adoption of the new ratings from the South will result in increased freight traffic from the southern metropolises.

After the meeting, all of the agents, through the courtesy of the officers of the Chamber of Commerce, were taken for an auto ride through the orange groves.

DEATH OF PIONEER. Once a wealthy stockman and miner, a pioneer of this section, who in the early days amassed a fortune, Hiram W. Minter, aged 82, was found dead in the rear of a cheap lodging-house in Visalia yesterday afternoon. Minter came to this county in 1870. In the early days of the White River gold excitement and through fortunate speculations he got together a comfortable fortune. He was widely known throughout this valley, especially to the old-timers.

He was a bachelor and a native of Maine. He had no near relatives living.

KNIFE INTERRUPTS SUPPER. Employees of Vineyard are Treated to a Thrill When Mexican Breaks in on Their Evening Meal.

TULARE, Feb. 22.—Apparently intoxicated, Jose Cano, a Mexican laborer, entered the bunk-house of Frank Giannini, the vineyardist, while his employees were at supper last night.

Without cause or warning, he applied a vile epithet to Jose Martinez, a workman, and made a vicious lunge at him with a huge knife. Martinez had his back turned to his assailant and a fellow workman reached over and grasped him by the neck, throwing his head forward just in the nick of time to save him, the crazed Mexican's weapon just grazing Martinez's scalp, laying bare his skull for a length of four inches.

Came then made a rush at Jose Pablo, another Italian laborer who was in the room, Pablo being saved by his wife, who ran in front of him and who received a jab in the hand. Before the terrified Italians could recover their presence of mind sufficiently to secure their assailant, he ran from the building and disappeared in the gathering darkness.

Complaint was made to the local officers today and Cano was found in the rear of the Santa Fe where he was making preparations to escape on the brakemen of a freight train. Cano had no weapon when he was arrested, but a workman in the yards stated to the officers that he passed some articles to another Mexican whom he met shortly before the appearance of the officers. Cano was lodged in the County Jail.

Plague Stamped Out. LINDSAY, Feb. 22.—For the past four days there have been no new cases of diphtheria and the physicians believe that in another three or four days the quarantines may be raised, and the restrictions removed from the holding of public gatherings.

San Joaquin Valley.

TRAPS CATCH PESTS IN PARK.

MANY WILD ANIMALS TAKEN IN SEQUOIA RESERVE.

Work of Men Employed by the Government Is Supplemented by Private Enterprise on Neighboring Lands and With Handsome Profits. Ranchmen Greatly Pleased.

VISALIA, Feb. 22.—In the Sequoia National Park, in the Sierra Nevada Mountains east of Visalia, the government is conducting some interesting experiments connected with the thinning out of predatory animals. At the suggestion of Head Ranger Walter Fry, Capt. Wright, who was last year acting superintendent of the park, urged the government in his annual report to take some action toward the destruction of animals that are pests within the park boundaries.

There is no increase or change in classification by reason of junction ratings, it being the opinion locally that increase might be demanded on that basis.

MEASURE IS ADOPTED. PORTERVILLE, Feb. 22.—At the meeting of the City Council which was held this evening, an emergency measure was passed, making it obligatory upon all owners of dogs to keep them confined upon their premises and, when taken from such premises, to have them muzzled and held in leash.

This action was taken following the definite statement from Dr. A. R. Lang, the deputy county veterinarian, in which he asserted that the cur killed here yesterday after it had bitten several other dogs, doubtless was afflicted with rabies.

Several dogs were brought to the veterinary officer's office today with the request by the owners that they be destroyed and dozens of stray dogs were shot out of hand by volunteer dog-catchers.

Lang asserted that he was so sure of the presence of rabies in the animal which was the cause of the panic in the residence section yesterday, that he would refuse to make any examination of the carcass, other than to remove the skull for transmission to the State University, where it is to be subjected to a microscopic examination.

Marvel's Insurance Adjustment Sale A Great Opportunity for You

Throngs of eager buyers crowded the store from the first opening hour yesterday morning until the doors closed at 5:30.

Today it will be the same. Your best opportunity lies in being here early.

Such millinery values have never before been offered at the very opening of the season. The whole stock is included—even the new goods that were not out of the cases at the time of the fire.

Absolutely nothing was damaged—everything is as fresh and good and new as though there had been no smoke at all.

Come today and see for yourself.

Marvel Millinery 241-243 South Broadway

—the hungry market!

Los Angeles is one of the "hungeriest" markets for fresh food products in the world today. Even with ideal conditions existing in Southern California for producing butter, eggs, poultry, honey, cheese, fruits, nuts, etc.—a great portion of these things actually have to be shipped in to us, because of the enormous and ever-increasing demand. Orchardists have become wealthy, gardeners and nurserymen—own motor cars, poultrymen enjoy splendid yearly incomes, dairymen and alfalfa ranchers are as independent as kings. In fact, the man who today helps to feed Los Angeles is either well-to-do or is rapidly on the way to wealth. And with 600,000 or more people coming within the next decade, the demand for products of the land will heavily increase—more Eastern and Northern goods will have to be imported unless a large supply of fresh local products is raised.

More than anything else will VAN NUYS AND LANKERSHIM LANDS help to solve Los Angeles' gigantic food problem. Those who today are eagerly buying tracts of these close-in fertile acres will receive top-notch prices for the products of their orchards, gardens, poultry and dairy lands.

That splendid electric line via Hollywood is being pushed ahead—the great half million dollar asphalt boulevard system is substantially under way—building activity is brisk—the earnest millionaire developers of Los Angeles' most important suburban project are offering \$500,000 in land discounts for \$1,000,000 worth of buildings and settlers are speedily taking advantage of it.

Go out today with us and select your land—prices will never be lower—in fact, they are now on the verge of advancement. Values are climbing steadily as improvements advance.

### For Independence

**CITY CONTROL  
STONGLY URGED**

**RESOLUTIONS ARE ADOPTED BY  
CHAMBER OF COMMERCE.**

Striking Presentation of Reasons  
Why Port Should Be Under the  
Municipality—Testimonial for the  
Retiring President Embodied in  
Satisfactory Official Declaration.

His position relative to municipal  
control of the harbor of San Pedro, was  
strikingly set forth in resolutions  
adopted yesterday by the Los Ange-  
les Chamber of Commerce.  
These resolutions recite the strug-  
gle of the chamber for a free harbor

the fact that the chamber and the people of Los Angeles have uniformly declined to accept aid from the State for the matter of expenditures upon the harbor, and that the Legislature has voted for San Francisco and San Diego harbors.

Further stating that bills designed to confirm in Los Angeles municipal harbor have been introduced in the Legislature the resolution continues:

"Whereas, these bills have met unexpected opposition from Senators and Representatives of the State, advocating the control of all harbors State authority would, if successful, divest Los Angeles of the fruits of her commerce, and in favor of mere rule and local control,

Now, therefore, be it resolved, by the members of the Los Angeles Chamber of Commerce that in view of the facts heretofore recited, and any others which would confirm and substantiate the foregoing, the resolution has been conceded that Los Angeles

...would have the control of its own har-  
 ...this chamber declares its opinion  
 ...of the subject, and that it is un-  
 ...equal and unqualified and that our  
 ...representatives in the Senate and As-  
 ...sembly are not competent for the pas-  
 ...sage of the bills referred to them.  
 ...their merits and without compromise  
 ...of entangling agreements of any kind

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

## METCALF WINS GREATER VOTE.

Leads Thum for Mayor by Substantial Majority.

Only One-Third of Registered Vote Is Cast.

Result Is Satisfactory to All The Politicians.

(Times Staff Writer, Pasadena.)

PASADENA, Feb. 24.—In a little four-act farce, played in this city yesterday afternoon, entitled "A Straw Direct Primary," which was well-attended by 1400 voters, R. L. Metcalf proved himself the hero of the hour and received 164 votes over his nearest competitor.

The first act was a duet by R. L. Metcalf and William Thum, entitled "I Want to be Mayor of the Crown City." Both actors showed good form and sang their parts well. At the close of the performance, Metcalf had a total of 782 votes, against 418 for Thum.

The second act was a solo by C. W. Rhodes, entitled "Nobody Wants to be Councilman at Large but Me." He received 361 votes.

The third act was more exciting. In fact it was the most thrilling of the entire performance. It was a trio by W. T. Davies, P. M. Shutt and John Nichols, entitled "I Want to be Councilman from the Fifth Ward." Davies and Shutt proved themselves the more popular, the former receiving 357 votes, the latter 357, while Nichols was distanced and scored only 109 votes.

The fourth act was a trio participated in by W. T. Root, the old Roman from the North Side; William Easterbrook, of Rose Tournament fame, and E. W. Gray. The title of their little skit was "Want to be Councilman from the Third Ward, and Major Dame of the Dry Tract." Root and Easterbrook received enough votes to place their names on the official ballot, while Gray joined the down and out club, because he only received 209 votes, while Root received 354, and Easterbrook 354.

The curtain was rung down and the weary watchers, who sat up in the Board of Trade rooms until nearly 10 o'clock, went home.

The straw direct primary was a farce because it was not official and was held mainly to give the various candidates an opportunity to find out what the people thought of them before entering the big race.

Pasadena has no law providing for a direct primary and the people, or a number of them, wanted one, so the only thing they could do was to have a straw or "make believe" primary. However, it was a generally satisfactory and both sides seemed to be greatly pleased last night after it was all over. Metcalf's friends rallied to his support and while they admitted last night that it did not prove their candidate would be the next Mayor, nevertheless, it did prove that out of 1400 voters he is the most popular.

On the other hand, Thum's friends contended that they did not bring out their forces to be defeated, but to play a light and round about towards the end of the campaign.

Metcalf's friends claim for him the majority of the church vote, the vote of the 125 members of the Federation of Church Clubs, many of the business men and most of the old timers. Thum's friends claim for him nearly every member of the Municipal Light League, which claims a membership of 2000, the majority of the labor vote, the entire support of the Civic Association and a goodly number of those claimed by the other side.

The main issue of the campaign, at the present time, is the light question, although the Metcalf faction declares the consolidation of the labor vote is of paramount importance. Regardless of the issue every indication gives promise of a hot campaign and the dragging of the muddy cloths of the old skeletons which have been used in former municipal fights.

AGREE ON LICENSE FEE.

Those interested in the proposed amendment to the city license ordinance held a meeting yesterday and agreed to a plan which will be presented to the City Council next week. The attorney for the Hotel Green, and the attorney for the Merchants' Association, went to the office of the City Attorney and drew up an amendment stipulating that all transient merchants shall pay a license fee of \$200 per month and that any merchant who operates in Pasadena for a shorter time than four months shall be considered a "transient merchant." The present law stipulates that a merchant must operate in the city six months or pay a license fee of \$100 per month. An attempt was made last Tuesday to impose a fine of \$25 per day instead of \$100 per month. The fight for a higher license charge was led by the Merchants' Association and has met with much better antagonism.

Local merchants declare that the transient merchants who visit the city for a few weeks each winter interfere with their business while the traveling merchants and those who have been leasing rooms to them at very high rentals, including the big winter hotels, aver that the business done by the traveling merchants does in no way interfere with the business of the local merchants because they state the traveling merchants sell a superior class of goods which is only purchased by visitors and tourists who seldom spend any money with the local tradesmen.

GUESTS TAKE FLIGHT.

The guests of the Hotel Vista del Arroyo were worse scared than hurt yesterday morning, when smoke was seen pouring from one of the rooms in the hotel. The fire was confined to one room in the house and was extinguished in a few minutes after it was noticed. The incident occurred at 2 o'clock in the morning when the house was full of people. The loss amounted to nothing.

WILL QUIT HER JOE.

Miss Yenke Hae, Pasadena's only licensed lady chauffeur, has grown tired of the work and will quit. For the past two years she has driven a public automobile and has been a member of the Automobile Club in Southern California. She is now trying to sell her machine and will retire to private life. In the morning when the house was full of people, the loss amounted to nothing.

## William Thum, R. L. Metcalf, the two leading candidates for Mayor.

William Thum, R. L. Metcalf, the two leading candidates for Mayor.

on condemnation of the city water-works is expected to bring in a report tonight which will be very interesting. The actions of the Water Committee will be watched with much interest from now on until the end of the municipal campaign.

NEWS NOTES.

A pretty affair of yesterday was a luncheon given at the Hotel Vista del Arroyo by Miss Florence Gilmore in honor of Miss Cleveland of the City of Mexico. Covers were laid for fifteen.

Among the smart affairs of yesterday was a bridge party given by Mrs. William St. John Ramsey at her home on Palmetto drive.

Mrs. C. C. Perkins was hostess yesterday afternoon at a small informal bridge party at her home on Waverly drive in honor of the Misses Burke of Chicago.

Miss Anita Hertel of West California street was hostess at a delightful bridge and five-hundred party at the Pasadena Country Club yesterday afternoon.

Mr. and Mrs. Newton Claypool of South Grand avenue were called to Indianapolis yesterday afternoon on account of the serious illness of Mr. Claypool's father.

Pictures framed at Wadsworth's. Book ends, boxes, trays, desk sets, candy boxes, telephone pads and other useful novelties fashioned from rare old Chinese embroideries at Grace Nicholson's, 46 Los Robles.

Miss Marengo, \$12.50 up per week. Advertising patrons of The Times living in Pasadena, E. J. McGough, "want" announcements to local agent or direct to the Los Angeles office. No extra charge will be made for telephone calls. Just ask telephone operator for Times Classified Department. The telephone charge will be paid by the advertiser. The bill mailed for the ad at regular rate. One cent per word daily. 14 cents Sunday. The Times regularly prints more "Liner" advertisements than any other Los Angeles paper.

ALFALFA MEN TO ORGANIZE.

Co-operation of Hay Growers Thought to Be of Interest and Plan for Society Is on Foot.

POMONA, Feb. 23.—Alfalfa growers of the Pomona and Chino valleys will meet at Chino Saturday afternoon to discuss plans for organizing an alfalfa growers' association along similar lines to the organization formed by orange growers in Southern California. The hay growers in this locality believe it will be greatly to their benefit to organize and the movement is expected to result successfully. The territory to be included is in Pomona, Chino, Ontario and Redlands.

A crowded house greeted the local amateurs who presented the revolutionary drama, "Nathan Hale," at Fraternal Aid Theater tonight, given for the benefit of the Pomona Fruit and Flower Mission. The production was one of the best staged and acted plays ever given by local talent. Elaborate costumes were provided and praise is due F. W. Balfour in the title role and to Miss Anne Leckert Scott, who played Nathan Hale.

Mr. and Mrs. James Bishop in a happy mood of one day but her heart is heavy because she was deprived of the one thing which of all others fills a girl's heart with expectation joy during her wedding day. Mrs. Bishop was Miss Bessie Selbert. Following the announcement of her marriage to James Bishop, she was entertained lavishly in her honor. She was popular with her friends and planned a glorious wedding. Everyone who was invited promised to be present and look their sweetest. The wedding cake was baked. Everything was ready and she was almost ready to do her wedding gown when she discovered that she had broken out with chicken-pox and her home was quarantined. The guests were all notified and, of course, they too were disappointed. But the wedding went on just the same. Miss Selbert became Mrs. Bishop.

SUFFRAGE/CAMPAIGN OPENS.

The opening gun has been fired in the campaign which is to be carried on in Pasadena to arouse enthusiasm in the interest of the bill now before the people for ratification granting to women the privilege of the ballot. Tonight's meeting will be held in the First Universalist Church and an interesting program of addresses by well-known speakers has been arranged. The meeting will be in charge of Mrs. Seward Simons, the newly-elected head of the Women's Equality League.

Other speakers will be Mrs. Andrew Stewart Lovinger, Mr. Matthew, J. H. Braly, Dr. J. A. B. Scherer, Dr. M. S. Hughes and Dr. Robert J. Burdette.

SOCIAL EVENTS.

Mr. and Mrs. Francis Howard Dean Banks of Monterey road entertained yesterday evening with the largest function of the day, which was a reception followed by a dance, given at the Valley Hunt clubhouse. The affair was complimentary to Misses Esther and Polly Hughes of West Philadelphia, who are house guests for the winter of Mr. and Mrs. Banks. Bay trees, palms and potted plants were used in ornamentation of the reception hall, drawing-room and ballroom, and a color was given by accident. This yellow was accentuated by primroses and daffodils banked upon mantels and arranged in vases. Mr. and Mrs. Banks were assisted in entertaining by Mr. and Mrs. Thaddeus Love and Mrs. R. J. Dobbs. The reception hours were between 8 and 10, and dancing in the ballroom followed. Arend's orchestra furnished music and supper was served throughout the evening in the enclosed veranda opening onto the terrace. Two hundred and fifty invitations were extended and about that number present.

WATER MEETING TONIGHT.

The Board of Trade Water Committee will hold another meeting tonight. The last meeting two weeks ago brought out a lot of campaign "dope" because the faction opposed to the securing of Owens River water for Pasadena and advising joint conference with Los Angeles looking toward more amicable feeling. The subcommittee

## CERTAINLY ENDS STOMACH MISERY.

Headaches, Heartburn, Gas and Indigestion Vanish and You Feel Fine in Five Minutes.

Thousands of Men and Women Here and About Los Angeles Will Be Surprised at the Prompt Relief After Taking a Little Diapiesin—Get Some Now and Have Your Stomach Trouble Over With Forever.

You can eat anything your stomach craves without fear of indigestion or dyspepsia, or that your food will ferment or sour on your stomach, if you will take a little Diapiesin occasionally.

Your meals will taste good; and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which causes belching, dizziness, a feeling of fullness after eating, Nausea, Indigestion (like a lump of lead in stomach); Bloatingness, Heartburn, Water Brash, Pain in Stomach and Intestines or other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapiesin really does all the work of a healthy stomach. It digests your meals when your stomach can't. A single dose will digest all the food you eat and leave nothing to ferment or sour and upset the stomach.

Get a large 50-cent case of Pape's Diapiesin from your druggist and start taking now, and in a little while you will actually brag about your healthy, strong stomach, for you then can eat anything and everything you want without the slightest discomfort or misery; and every particle of impurity and Gas that is in your stomach and Intestines is going to be carried away without the use of laxatives or any other assistance.

Should you at this moment be suffering from indigestion or any stomach disorder, you can get relief within five minutes.

Long Beach.

PORTERFIELD'S FRIENDS BUSY.

OFFER AID TO MAN FINANCIALLY EMBARRASSED.

Westminster Property May Be Regained With the Aid of Bonds and Men of Wealth Who Are Animated by Sympathetic Purpose. Woman Dies From Hemorrhage.

LONG BEACH, Feb. 23.—Sympathy because of the temporary handicap of W. L. Porterfield, a resident of this city, by his friends to secure the balance of the money needed to redeem the Westminster property from the owners of the mortgage.

Numerous conferences were held with bankers and others, and it is learned that one bank has agreed to make a partial advance, after being amply secured, and that other interests have promised the aid necessary.

However, this will require a few days' additional time, and when Messrs. Porterfield's friends, including Betta, Porterfield's agents, left for Los Angeles this afternoon, it was in an effort to get the holders of the mortgage to agree to a partial payment of the \$103,000 due, and allow the balance to go into escrow to permit the balance being paid in a few days. With the redemption of the property control of it will be restored to Porterfield, and his financial money and would insure an early improvement of the site.

CEREBRAL HEMORRHAGE.

While chatting with friends at her home on Hermosa avenue, Mrs. Adelaide H. Porterfield, a resident of Long Beach, died of a cerebral hemorrhage and died a few minutes later.

Mrs. Hill was a native of Ohio, and was 73 years of age. She has been a resident of Long Beach ten years.

Kubal Clayton, a messenger boy, while riding alongside an auto, was thrown under the machine by his bicycle striking a muddy spot and swerving. The lad was rendered unconscious and his condition is so far as can be ascertained, no bones were broken.

GONE TO CAPITAL.

In order to watch Long Beach interests in the fight being made at Sacramento on State control of harbors, the Chamber of Commerce this morning appointed Mayor C. H. Windham and F. C. Roberts to attend the session and watch the city's interests in our own inland harbor. Messrs. Windham and Roberts left for Sacramento tonight.

LONG FUNERAL.

This afternoon funeral services were held at the First Christian Church for Robert Long, one of the two High School boys drowned at Point Firmin last week. At the request of the boy's mother, the services were brief.

Princess Long sang two solos and the High School quartette gave two selections. The pall bearers were members of the class of 1933, and the dead lad was a member. The remains will be taken East for burial.

"MEASLY" TRICK.

Fred Trippe and Louis Thompson, Long Beach boys who are attending college in Los Angeles, spent yesterday and last night at home and this morning were surprised and angered to learn that they had been arrested in Los Angeles last night with two girls for stealing a bottle of milk from a doorstep. Their efforts the next few days will be devoted to learning the identity of the pair who falsely used their names.

INCREASE GUARD.

It is said that the pickets at the Craig plant were increased this morning to twenty-five. Everything about the plant is peaceful, however, and it is thought the increased guard is due to the near approach of the launching of the glass of the new boat, but the reason was assigned by the managers of the plant.

NEWS BRIEFS.

Improvement upon Marengo avenue has been started and when completed it will be one of the beautiful avenues of the city. It will be eighty feet wide, and is shaded with big trees. The street. Current events were given by drain contractors, and many complaints have been received by the Trustees from residents over its condition.

The Lincoln Park Study Circle met yesterday afternoon at the home of Miss Anna Herron, No. 514 El Centro street. Current events were given by Mrs. Caroline Adams and Mrs. E. L. Thompson gave a resume of "The Pope." The next meeting will be held at the home of Mrs. D. Z. Gardner, No. 515 El Centro street.

## Unabated Interest In the "Unique's" Sale

It is a garment selling event without any precedent in Los Angeles. Hundreds of brand new exquisite and exclusive suits, dresses, coats, lingerie, dresses and waists mercilessly sacrificed practically before the opening of the season.

Come early today and expect crowds.

AGED HERMIT

IS FOUND DEAD.

STRANGE CHARACTER WITH AN ODD HISTORY PASSES AWAY.

Though He Turned His Back on the World He Was a Student of Current Events—Love Affair Which Ended Sadly one of Causes. Death Was Instantaneous.

ASUZA, Feb. 23.—One of the most interesting characters of the San Gabriel Canyon has passed away. The body, under the care of F. L. Cline, was laid to rest today in Oakdale cemetery.

Lewis A. Holstead, familiarly known as "John" to every one in the canyon, was born in Arcadia, central New York, some eighty years ago. He was an expert mechanic and for a time worked as a wheelwright in New York City. When about 30 years of age he moved to Illinois. A little later he went to Montana, where he became an intimate friend of the man who is now Senator Clark. A little later he crossed the plains in an ox-cart, and about twenty-five years ago became a resident of the San Gabriel Canyon. His last mechanical work was done in the construction of the Victoria Mill, or, as it is more often called, "the old silver mill."

For the past eighteen years this strange man has lived in a little cabin on the Knapp and Cullen mining claim, very high up on the side of the mountain, just back of this old mill. For several years he had a companion, a man named John, who lived with him about a month ago he lived alone. Although only a few miles from the canyon, he had lived a hermit's existence. He had not been in Asuzza for five years. It is thought he had been here only once in the fifteen years, and it is said that on that occasion he walked into a grocery store, bought a loaf of bread and returned home and returned home as soon as possible.

When he first went into the canyon he had some money which he buried, and which with odd jobs that he found to do, supplied his simple needs for many years. Late in the afternoon of March 6, he was found by the local police, who were looking for a man named John, whom they had seen in the canyon, and who was supposed to be a companion of the man who is now Senator Clark. A little later he crossed the plains in an ox-cart, and about twenty-five years ago became a resident of the San Gabriel Canyon. His last mechanical work was done in the construction of the Victoria Mill, or, as it is more often called, "the old silver mill."

When he first went into the canyon he had some money which he buried, and which with odd jobs that he found to do, supplied his simple needs for many years. Late in the afternoon of March 6, he was found by the local police, who were looking for a man named John, whom they had seen in the canyon, and who was supposed to be a companion of the man who is now Senator Clark. A little later he crossed the plains in an ox-cart, and about twenty-five years ago became a resident of the San Gabriel Canyon. His last mechanical work was done in the construction of the Victoria Mill, or, as it is more often called, "the old silver mill."

For the past eighteen years this strange man has lived in a little cabin on the Knapp and Cullen mining claim, very high up on the side of the mountain, just back of this old mill. For several years he had a companion, a man named John, who lived with him about a month ago he lived alone. Although only a few miles from the canyon, he had lived a hermit's existence. He had not been in Asuzza for five years. It is thought he had been here only once in the fifteen years, and it is said that on that occasion he walked into a grocery store, bought a loaf of bread and returned home and returned home as soon as possible.

IS FOUND DEAD.

STRANGE CHARACTER WITH AN ODD HISTORY PASSES AWAY.

Though He Turned His Back on the World He Was a Student of Current Events—Love Affair Which Ended Sadly one of Causes. Death Was Instantaneous.

ASUZA, Feb. 23.—One of the most interesting characters of the San Gabriel Canyon has passed away. The body, under the care of F. L. Cline, was laid to rest today in Oakdale cemetery.

Lewis A. Holstead, familiarly known as "John" to every one in the canyon, was born in Arcadia, central New York, some eighty years ago. He was an expert mechanic and for a time worked as a wheelwright in New York City. When about 30 years of age he moved to Illinois. A little later he went to Montana, where he became an intimate friend of the man who is now Senator Clark. A little later he crossed the plains in an ox-cart, and about twenty-five years ago became a resident of the San Gabriel Canyon. His last mechanical work was done in the construction of the Victoria Mill, or, as it is more often called, "the old silver mill."

## POLITICS THE DAILY THEME.

Mayoralty Contest Promises to Be a Sizzle.

Anti-Saloon League to be Factor in Campaign.

Wounded Man Is Thought to be an Insurrecto.

SAN DIEGO, Feb. 23.—With the proposed recall of Councilmen John L. Sehon and F. E. Woods for the present, politicians are busy among their friends seeking acceptable candidates for the various city offices to be held at the April election.

Sehon and Woods are holdover members of the Council. Frank Salmons and H. R. Fay retire. The term of Mayor Grant Conrad and Treasurer D. M. Stewart also expire.

The campaign before the primary election bids to be the old fight of the Anti-Saloon League and the church organizations against the "Liberal" element, which generally backs any organization that opposes the closing of the saloons.

The Anti-Saloon League entered the campaign early. This was before Mayor Conrad announced his candidacy for re-election. The Mayor, it is stated by politicians, is acceptable to the anti-saloon forces. Before he made up his mind to again enter the race, emissaries of the anti-saloon faction had asked George W. Marston to consent to be a candidate. However, it is understood that Mr. Marston declined on the ground that he is too busy with a large building project of his own and with the construction of the exposition. So far, it is believed the temperance faction will bring out no candidate except the present Mayor.

Meanwhile the opposition is busy. A number of influential citizens have been approached. Declinations were numerous. It is stated that a number of prominent men who favor open saloons would not enter the mayoralty fight because of business relations. Two candidates are now being considered—Louis J. Wilde, a banker, and Hans Marquardt, a merchant. Wilde professes to be a Democrat. He is progressive, liberal and expresses his thoughts without fear of a come-back. He has not made up his mind to become a candidate. Marquardt is one of the most influential German-Americans of the city. When elected to the school board two years ago, he received a higher number of votes than any of the other candidates for any office. With either Wilde or Marquardt the Liberals believe they can win the Mayoralty contest.

Councilmen Salmons and Fay are candidates for re-election. Announced against them is D. K. Adams at present a member of the Board of Supervisors. A half-dozen other candidates have been announced. For City Treasurer Don J. Stewart so far has no opposition. Certificates of nomination for the primaries cannot be filed later than March 1. The primary election occurs March 21.

WOUNDED SOLDIER.

A man whose identity is unknown was this afternoon brought to the County Hospital with a bullet wound extending from the right leg below the knee. According to reports the injured man was brought from Mexican territory. He is believed to have been shot as an insurrecto soldier. Dr. Hunt, hospital physician, stated that the wounded man was brought in an ambulance. Whose ambulance or the identity of the person who brought him Dr. Hunt stated are unknown to him.

The bullet was from a high-powered rifle. It entered the right leg, passed through the bone of both and came out of the left leg. Dr. Hunt stated the man was immediately put under the influence of chloroform and is still in that condition. The hospital authorities will be unable to learn the man's history until he is restored to consciousness. The wounded man is about 25 years of age, is well built, of florid complexion and has red eyebrows. He was dressed in a suit of working clothes.

CLUB HOLDS ELECTION.

The San Diego Country Club, at its annual meeting, elected as president Reed Johnson, and as directors, Louis C. Masten and Lester J. Bradley, who will each serve a term of three years. The hold-over directors are C. P. Douglas, Thomas A. Hife and Charles G. Holzman. They will meet on March 1 to elect officers for the year.

FANCIERS TO GIVE SHOW.

The San Diego Pigeon and Pet Stock Show at its annual meeting elected as officers: President, H. T. Sanford; vice-president, A. E. Blithen; secretary, J. J. Gottschalk; treasurer, J. F. Gofforth. The club plans to give an exclusive pet stock show in November, the exhibit to include only pigeons, cats and dogs.

WILL HOLD HIGH CARNIVAL.

The Executive Committee in charge of the celebration attending the ground-breaking for the Panama-California Exposition has decided that there shall be a King and Queen of the carnival. The King is to represent Cabrillo and the Queen is to be Ramona. The choosing of the persons to represent these characters will be by popular vote.

According to the plans of the committee Cabrillo will wear the royal robes of the sixteenth century. He will ride on the upper deck of a carved float, a sea of fire, red lights and the roar of powerful searchlights. He will be received by courtiers, Indians and other characters of his day, to be escorted through the streets by a torchlight procession. Ramona on a carved float of her own, will be escorted by 100 lighted torches to the dock to meet her. She will ride in a chariot of light in Cabrillo's company at the head of a gorgeous procession. This will be the beginning of the carnival, which will extend through the week of the ground-breaking ceremonies. Every day a public-spirited man and a woman will be chosen to make the ground-breaking ceremonies the most gorgeous ever attempted in Southern California.

## PREPARING FOR THE FRUIT SHOW.

ASSOCIATIONS ARE VYING FOR HONORS AT SAN BERNARDINO.

Cucamonga Exchange Will Have One Hundred Boxes of Oranges in Its Exhibit—Christian Scientists Will Build a Church, Which Makes the Eleventh in the Town.

ONTARIO, Feb. 23.—The ten associations that make up the Ontario-Cucamonga Exchange of this entire section, are vying with one another for the most attractive display of fruits and packs at the National Orange Show which is to be held at San Bernardino, March 6 to 12.

The Ontario-Cucamonga Exchange, as the mother organization, will have a display of over 100 boxes of fruit. This is in addition to the display of the separate individual associations. Ontario's citrus association will have fifty feet of floor space occupied with her exhibits. The ten organizations from this section that will exhibit and that are all members of the Ontario-Cucamonga Exchange are: The Ontario Citrus Association, Mountain View Orange and Lemon Growers' Association, Cucamonga Citrus Association, Upland Citrus Association, Upland Heights Orange Association, Lemon Growers' Exchange, Elginville Citrus Growers' Association, Stewart Citrus Association and the Cucamonga Lemon Association.

TO BUILD CHURCH.

The Christian Science Society of this city has taken out a permit for the erection of a church edifice. The building will be a concrete structure and very large but of attractive design and will cost over \$2000. It will be located near the corner of B street and Palm avenue. This will make the eleventh church building that has been built and is owned by local denominations.

BELOVED MAN DIES.

Henry J. Rose, aged 72 years, a well-known and beloved figure about Ontario Colony, who has lived here since 1885, passed away at San Antonio Hospital yesterday afternoon, after several days' fight to recover from the shock of a surgical operation.

Mr. Rose was born in Oxfordshire, Eng. He married Charlotte E. McCord in Toronto, and soon after moved to Ontario, where he has lived ever since. He was actively engaged in business here until 1899. He built the second brick building ever put up in Ontario, now known as the Rose block, and situated on Euclid avenue in the center of the business district. He was a member of the Ontario Colony, a member of clubs and other organizations having for their purpose the betterment of Ontario Colony. He is survived by two daughters, Mrs. K. K. Neales and Mrs. F. J. Fredenthal of Ontario, and one son, Andrew H. Rose, a prominent Los Angeles attorney.

The funeral services will be held Saturday morning at Christ Church, corner C street and Euclid avenue. Interment will be in Bellevue Cemetery, this city.

CAMP RESORT.

At a recent meeting of the stockholders of Camp Baldy Company, which operates a resort leased from the San Antonio Water Company, in San Antonio Canyon, three miles above "Hog's Back," arrangements for the coming season were put under way. The coming season, the manager at the camp

Upland. For the purpose of hauling passengers over the splendid eight-mile toll road up the canyon to the camp, a forty-horse-power Buick automobile was purchased. This stage will pick up parties wishing to go to the camp downtown rather than at the end of the Euclid-avenue car line at San Antonio Park, as last year.

CITRUS COMPANY ORGANIZES.

The West Ontario Citrus Association has incorporated as a company empowered to do a general packing and shipping business. The principal place of business will be Ontario. Directors are: G. G. Laidlaw of Ontario, E. H. Gammon, F. E. Graham of Pomona, and G. W. Bothwell of Ontario. The capital stock is \$25,000, of which \$50 is subscribed.

LIVELY DOINGS AT SAN JACINTO.

Odd Fellows Hold a District Meeting. Schools Have a Track Meet and a Masquerade Finish.

SAN JACINTO, Feb. 23.—Washington's birthday was a day full of interest in the San Jacinto Valley, the three main attractions being the district meeting of the Independent Order of Odd Fellows, a track meet between the high schools of San Jacinto and Perris on the local athletic grounds, and a grand masquerade skating party.

The meeting of the Odd Fellows was held in the Hemet opera house and was attended by about 300 three-linkers from the different lodges of San Bernardino and Riverside counties, besides a large number from the lodges of San Jacinto and Hemet. Frazier M. Sallee of San Jacinto, District Deputy Grand Master, presided. Rebekahs of the two counties were also present and their deliberations were presided over by Anna E. Baisley, of this place, District Deputy. The special Odd Fellows' chair, that is, the delegates to the convention held Hemet at midnight for Riverside and San Bernardino. Music for the meeting was furnished by the San Jacinto band.

The track meet between the high schools of San Jacinto and Perris, resulted in victory for the San Jacinto boys, the score being 15 to 15. Perfect weather and a fine program of interesting series of events attracted a large crowd to the athletic grounds.

The masquerade skating party in the evening was one of the most successful events of the kind given here this season. A large crowd of young people was in attendance and thoroughly enjoyed the evening. Music was furnished by the San Jacinto band.

NEWS BRIEFS.

This week A. N. Krumler bought the Bateman five-acre tract on Hewitt street, the consideration being \$900. The property is unimproved, with the exception of a well and a horse-power pumping plant. D. O. Record has purchased the A. D. Record property on Central avenue for \$1000. The property consists of twenty acres of land, improved with house, barns and arisian wells with a chariot of water. H. Sanders and Jack Hopkins this week sold a house and one acre of land to C. and E. Neiderman, late arrivals in San Jacinto. The property is in the western part of town on the north side of Seventh street. H. B. Glass bought two lots on Topeka street from J. Carmichael, consideration, \$400.00. It is understood that Mr. Glass will build on the property at an early date.

The building of a bridge across the San Jacinto is again being seriously considered by the people of San Jacinto. The need of the bridge is apparent, but how it can be built is not so plain to see. While it would be a public improvement that the county should stand the expense of, the only practicable or feasible location for the bridge is within the incorporated limits of San Jacinto, and for that reason is outside the jurisdiction of the County Supervisors. San Jacinto city has not the means to build the bridge and the county has not the money to build it.

ing a quarter of a million in property values are cut off from the outside world with every rise of the river. Senator Estudillo and Assemblyman Freeman have been appealed to for special legislation that will prove a way out of the dilemma.

FATE OF MISSING BOAT KNOWN.

Two Chinese Survivors Picked Up Who Told of Mysterious Explosion Which Destroyed Binah Thuan.

ASSOCIATED PRESS DAY REPORT.—The finding of two survivors of the French steamship Binah Thuan, which mysteriously disappeared in January, has cleared up the mystery in connection with the loss of the vessel, according to advices brought by the steamer Chiyu Maru, which arrived from the Orient yesterday.

The two Chinese, the sole survivors of the vessel, were found on Tiger Island, off Annam, by the French destroyer Mouquet, which was sent to search for the missing ship.

According to the story told by the Chinese survivors, a terrific explosion shook the entire ship, which burned all night and finally sank. The life boats were destroyed by the fire, but three Chinese got away from the vessel in a small sampans. They had no food or provisions, and one of their number died of exposure.

After drifting about in the sampans seven days, the two survivors were picked up and landed at Tiger Island, where the destroyer found them.

REMARKABLE CURE.

Perfected in Old Cases Which Have Been Neglected or Failed to Cure. NO EXPERIMENTS ON FAILURES.

You Pay for Cures Only and the Lowest Fees on the Coast.

Free Consultation.

I offer not only FREE Consultation and Advice, but of every case that comes to me I will make a Careful Examination and Diagnosis without charge. And I will not accept any fee until I am satisfied that I can cure you.

One Treatment Cures.

A WORD OF ADVICE.

Before beginning treatment elsewhere, make my friendly advice and ask the doctor to tell you of his qualifications to cure you, and then be sure he shows you the proofs of his ability. Here talk means nothing, promises and guarantees without ability behind them are of no value to you or any one else. After you are cured and begin your treatment it is up to you to see the premises are carried out. If you should be unfortunate enough to be cured by a quack, and find it out in time, come to me and I will be glad to do that can be done for you.

SIDNEY AND BLADDER DISEASES.

</

# THE PUBLIC SERVICE.

## SUMMARY OF THE DAY.

Robert Pullen, the negro who shot a white man through jealousy over a Japanese girl, was held for preliminary examination in Police Court, yesterday.

John H. Dutcher, a ranchman of the Montebello district, was acquitted in Judge McCormick's court yesterday on a charge of shooting Walter Lowe, a boy who was passing through the defendant's ranch patch.

Arthur Garber, auditor of the local postoffice, was defendant in a divorce action in Judge Conroy's court yesterday. His wife was given an interlocutory decree.

Students in the south part of the city yesterday visited the City Hall to inquire into a proper method of stating recall proceedings against Councilman T. L. O'Brien.

The charge problem was disposed of yesterday when the Board of Public Works dismissed charges against Contractor Alexander and the City Council granted a spur track franchise at Minerva and Butte streets for a new garbage loading station.

"Expert testimony" yesterday on the speed of an automobile failed to convince a police judge who was formerly a locomotive engineer. He ordered the witness to prove his guessing ability in the presence of officers.

## At the City Hall.

**O'BRIEN GETS RECALL THREAT.**

**COUNCILMAN'S CONSTITUENTS OFFER COMPLAINTS.**

Residents of Vernon District Visit City Hall to Get Information on How to Frame Petition to Have Him Ousted—Consider He Has Not Kept Campaign Promises.

Councilman O'Brien's "friends and constituents" are enthusiastically discussing the recall proposition which is one of his political principles. They had representatives at the City Hall yesterday inquiring into the proper method of circulating a petition with O'Brien's name on it. Several improvement associations in the south end and city, where O'Brien lives, are said to be interested in a recall movement.

The complaint against O'Brien is that he is not representing the interests of the majority of people in the Council. The present issue is the cross-town car-line for which the people of Vernon avenue have asked the Council and which O'Brien wants on Jefferson and Thirtieth streets.

Mr. Hubbard is taking an active interest in the recall movement. "We all voted for Councilman O'Brien," he said, "in the end of town because we believed he would look after our interests, although we were not all with him politically by any means. We have about one-third of the population of Los Angeles down in that part of town and we have had very little in the way of improvements."

"We have been assessed three times to pay for improvements and when the Agricultural Park matter was up we protested. We got no support from O'Brien. Now he comes in here with a cross-town line of his own when all the people down there want the line on Vernon avenue. We have found out that O'Brien himself is the man chiefly interested in this Jefferson-street proposition. He has been working up the petition and looking after the signers."

"The people down there are thoroughly aroused and there is no doubt but that if O'Brien carries out his present policy in working against the wishes of the people on the cross-town line they will start a recall movement."

Councilman O'Brien refuses to discuss the matter to any extent. He says he will stand upon his record in the Council and does not believe it will give any chance for a recall election.

## HARBOR DREDGING.

### NEW CONTRACT TO BE LET.

The Board of Public Works yesterday decided to let another dredging contract in Wilmington Basin which will have an important bearing on the development of a municipal harbor here. An area of 19,000 square feet is to be dredged and the product will be used to fill up Erie street.

Fries street will connect the Harbor outwards with the proposed municipal wharf at Wilmington. At present the grade is low and the dredging at same time that it opens up new channels will provide a proper approach to the city's wharf. City Engineer Hamilton reported to the Board of Public Works that he had filed a protest with Lieut. Leeds, representing the Federal government, against the granting of a franchise to the A. Anderson on the ground that would stand in the way of a road Los Angeles proposes to build.

## REGGING FOR SEATS.

### COUNCIL HOLDS PURSE.

Former Judge Charles Silent of the Park Commission appeared before the City Council yesterday to ask for twenty arched stone seats for Central Park. The Park Commission has decided that the seats should be some resting place in the new park, but members of the Council are disposed to leave it merely as a place through which to stroll through lotteries. The Supply Committee would be willing to recommend twenty seats but the Finance Committee would be willing to spend \$275. Judge Silent pointed out that the Park Commission had saved the city several thousand dollars and was actually entitled to some liberality. The Supply Committee finally recommended that he make this appeal to the Finance Committee.

## NEW STATION.

### MAY SOLVE BAD PROBLEM.

The City Council yesterday met in special session and granted a spur track franchise at Minerva and Butte streets for the purpose of establishing a new garbage loading station. Councilor Alexander and the mysterious individual who is backing him believes that he will now be able to handle the charge without further difficulty. Inspector Humphreys of the Board of Public Works is inclined to accept it as a solution of the garbage problem. The charges against Alexander were dismissed by the Board of Public Works and he will be given a chance to carry out his contract. The Vernon district and the hotel and restaurant men offered a further protest against the issuance of the franchise.

ing that the garbage is not yet properly handled. The Board of Public Works, however, processes assurance that there will be little further trouble under the new arrangement which permits wagons to make several more trips a day with garbage.

## TO SACRAMENTO.

### MAYOR AND COUNCILMEN GO.

Mayor Alexander and Councilmen Stewart, Washburn and Gregory left for Sacramento last night to aid in the Los Angeles delegation there in rescuing the northern part of the State. They have several battles to fight in the interest of measures which concern city administration.

During Mayor Alexander's absence President Lusk of the Council will act as Mayor. The Mayor intends to return Monday or Tuesday of next week, but just before his departure served notice of his intention to stay at Sacramento until the harbor at San Pedro is handed over without any strings on it.

## At the Courthouse.

**MELON OWNER IS ACQUITTED.**

### FACT THAT BOYS ENTER HIS PATCH CARRIES WEIGHT.

While Complaining Witness Was Perjured by Somebody on His Way Past the Tempting Field, Jury Believes Ranchman's Friend May Have Been Responsible.

## In Judge McCormick's Court.

In Judge McCormick's court yesterday, twelve jurors heard the evidence in a case that must have reminded them of their boyhood days. It involved a small boy, a swimming-hole and a watermelon patch.

The defendant in the criminal action was John H. Dutcher, a ranchman living near Newmarket Station, in the Montebello district. He was the owner of a melon patch in close proximity to the swimming-hole.

On October 30, last, Walter Lowe, a lad 13 years of age, was shot while on his way to the swimming-hole. Dutcher declared that he had not shot at Lowe, and that if the boy was hit by a flying bullet it must have been from the gun of Earl Sargeant, a friend of his from Tacoma.

Dutcher did admit, however, that on several occasions he had shot to scare the boys who made a habit of stealing his melons. The wounds received by Lowe were not serious, but the information against Dutcher was "shooting with intent to kill."

The taking of the testimony closed at 4 o'clock yesterday. The charge of Judge McCormick immediately followed. The jury spent but little time considering the case, returning to the court with a verdict of not guilty. Dutcher was discharged. It was not denied that Lowe had been shot, but the State failed to prove that Dutcher was responsible.

## MARRIED TWICE.

### DESERVES BOTH HUSBANDS.

Bert D. Hadley has married to Olive Hadley in San Diego, 1928. She deserted him after they had been wedded two weeks. He secured a divorce on the ground of desertion in Judge Conroy's court, yesterday.

Within a short time after Mrs. Hadley had deserted her husband, she was married to August Riets, who in turn secured a divorce from her on the ground of desertion about six months ago. The judgment roll of the court showing the disposition of the last case was offered.

The evidence showed that Hadley cared for his wife well, and bought her number of new dresses and other feminine finery a few days before she left him. Neither Hadley nor any of his witnesses could furnish any reason for the action of the wife, as Hadley said that he did not even see her for more than a year after her departure.

## WIFE DIVORCED.

### Pansy R. Garber, wife of Arthur C. Garber, auditor of the local postoffice, was granted an interlocutory decree of divorce yesterday, by Judge Conroy.

The allegations of the petition involved extreme cruelty, and the evidence was sufficient in the opinion of the court.

The Garbers were married in 1908. The wife testified that during their residence in this city, and in Glendale, her husband was often intoxicated and abusive. The witness said they had trouble on account of his gambling habits.

Upon one occasion, when they lived on Forty-ninth street, she declared he struck her because she had put sugar in the milk as he thought. On another occasion when they were at a card party at the home of a friend, he called her upstairs, and knocked her down.

## ABOUT BILLBOARDS.

### FIGHT CITY ORDINANCE.

A petition was filed in the Superior Court, yesterday, by Thomas H. B. Varney against the City of Los Angeles, the City Council, the Mayor, Chief of Police and City Clerk, praying for an order restraining the defendants from enforcing what is known as the billboard ordinance adopted by the City Council, or interfering with the agents of the plaintiff.

It is alleged that "there is no legal ordinance of the City of Los Angeles or law of the State of California, that requires billboards to be limited in height to nine feet and four inches, measured from a point two feet above the natural surface of the ground, or that prohibits the erection of such structures within designated parts of the city."

It is also set out that the plaintiff has gone to great expense to erect billboards in various parts of the city of Los Angeles, and to enforce the provisions of the ordinance will entail great financial loss upon him.

## MULLER'S MONEY.

### GOES TO DAUGHTER.

The will of Emil J. Muller, who died in Pasadena February 14, was filed for probate yesterday. The instrument was executed at Lakewood, N. J., in 1901. William C. Muller, a brother, is nominated executor.

The estate, consisting of contracts for real estate, a life insurance policy and accounts, amounts to \$5518. It is all left in trust to Louis Emma and Caroline Muller, sisters of the testator, for the benefit of his daughter, Evelyn Muller.

## COURTHOUSE NOTES.

### BREVITIES MISCELLANEOUS.

#### DAMAGE ACTION.

The Pacific Electric Railway, made defendant

in an action brought yesterday by Mary A. Strong, and the same as guardian of Frederick W. Strong, for \$500, alleged to be due on account of the death of Walter A. Strong. He was killed at the powerhouse of the defendant corporation by a shock of electricity, December 25, 1928. Neglect on the part of the company is alleged.

**ADMINISTRATION MATTERS.** A petition for letters of administration of the estate of Sarah N. Ryan, who died in San Francisco September 26, 1928, was filed in Probate Court yesterday by James W. Ryan, a son. He asks that Stephen G. Long of Los Angeles be appointed administrator. The estate consisting almost entirely of real estate is valued at \$300,000. The heirs are James W. Ryan, Mary N. Ryan and S. Maude Ryan, all of this city.

E. J. Kennedy filed a petition for letters of administration of the estate of Alice A. Kennedy, who died January 17, last, leaving an estate of \$21,000. The bulk of the estate consists of property located at Twelfth and Union streets, valued at \$17,000. The heirs are E. J. Kennedy, the husband, and four children.

**ARGUMENTS.** The long-drawn-out case of George M. Jones against Abbott Kinney, for \$50,000 damages reached the arguments in Judge Wood's court, yesterday. W. F. Anderson opened for the plaintiff, and he was followed by Frank Fowler, on behalf of the defense. He will conclude this morning and R. C. Gortner will sum up in the case of Kinney, followed by John D. Pope on the same side. The close will come with the final argument by Earl Rogers, for the defendant, tomorrow.

**INCORPORATIONS.** Articles of incorporation were filed yesterday by Bonita Water Company, capital stock, \$100,000, incorporated under the laws of California. W. M. Bainbridge, president, J. D. Bennett, secretary, J. D. Bennett, treasurer, J. D. Bennett, J. G. Luna, E. F. Smith, S. Soyster and J. J. Mann, subscribed, \$100; Anchor System Dental Company, J. J. Hines, \$100; Incorporated, J. J. Hines, A. J. Ellis, H. S. Hines and E. H. Ellis, subscribed, \$300.

**BICYCLIST HURT.** B. R. Monahan brought an action yesterday against J. J. Jenkins, praying for a judgment of \$2000, for damages to his bicycle. Jenkins alleged to have been received October 20, last. It is alleged on the part of Jenkins that he was riding his bicycle, West Seventh street, when he ran into the plaintiff, who was riding a bicycle. It is also charged that Jenkins was exceeding the speed limit at the time.

**SHIFT OF JUDGES.** Judge Church of Fresno, presiding in Department Ten, yesterday, ordered Department Ten, side, in Department Seven. Judge Craig of that department is still confined to his room by illness. Judge Murphy of San Francisco, and Judge Bordwell in Sacramento, and Judge Hutton officiated as Presiding Judge.

**ALLEGED FALSE PRETENSES.** Judge Monroe, is hearing the action brought by Helena Davies, alleging false representations on the part of Melbourn W. Simms, charged with defrauding a trade of real estate in this city for a ranch in San Bernardino county.

**CRIMINAL MATTERS.** In Judge Willis's court, yesterday, Peda Zepeda, who pleaded guilty to an information charging burglary, was sent to San Quentin for one year.

Ed. Randolph, found guilty of forgery, was remanded until March 2, for sentence.

George Mason, charged with killing Louis Lopez, pleaded not guilty and his trial was fixed for March 20.

La. La. Roca, charged with burglary, pleaded not guilty. He will have an opportunity to convince a jury of his innocence March 17.

Following information were filed: Clifford Gilbert, grand larceny; Rafael Rodriguez, burglary; Juan Mejia, assault with a deadly weapon; A. S. Shephard, assault with a deadly weapon; Raymond Bais, perjury.

**NEW CITIZENS.** The following were admitted to citizenship by Judge Hutton yesterday: Sam Abramson, August Friedrich Herman, August Leroy, Samuel Albert, John Alfred William Dwyer, Joseph Dwyer, Maye, Julius Felsinger, Adolph William Dubber, Manfred Strauss, Paul Jensen, James Watson, Alfred Gibson, Joseph Abrahamson, George Addison Tremblin, Albert Edwin Finley, Maurice Jacob Ryan and Josef Hefelisch.

**MANY ARE TARDY.** Thirty-five hundred corporations have not filed reports of their net profits during the past year, according to Internal Revenue Parker. They have only four days within which to comply with the requirement of the Federal law. The penalty is a fine of not less than \$1000 nor more than \$10,000. Parker says he expects to be reduced to \$500, but he says that there will not be more than a handful of delinquents.

## WANTED NORTH.

### Albert Schroeder, alias Raymond Schroeder, was arrested here yesterday by Deputy Sheriff Sepulveda at the request of the Los Angeles Police.

The defendant is charged with grand larceny.

## QUEER COLLECTION PLAN.

### H. E. Claridge, a mining engineer, was arrested and taken before Justice Young on a charge of grand larceny yesterday. He is alleged to have stolen a transit from a mining company near Mojave. The defendant says that he has been unable to collect \$500 in salary which is due him and that he is merely holding the instrument as security. He was released under \$500 bail to appear for examination next Monday.

**IS HE A DYNAMITER?** Another man suspected of aiding in the dynamiting of The Times Building was taken in custody yesterday. He is said to closely resemble M. A. Schmidt, was arrested at Little Rock, Ark. The prisoner had been followed for two weeks in Texas before he was taken into custody. Efforts will be made to trace his past record.

## TOT IN DANGER WAY.

Little Helen Moody, 3 years old, was found at Seventh and Main streets last yesterday afternoon pushing a little go-cart and having the time of her life watching the automobiles and street cars go past. She was taken to the Central Police Station and later taken to her home at No. 524 East Fifth street. How she escaped being run down by a passing vehicle is more than the police understand.

## REPORT THEFTS.

### R. H. May, living at the Hotel Lilly, No. 534 South Hill street, reported yesterday that \$280 had been stolen from under his pillow in the night.

R. Stephenson, living at No. 224 South Olive street, said that some clothing and \$50 in cash had been taken from his house.

## The Weaver Roof Company.

Laughlin building, have been awarded contract for the roofing on the new building erected on Broadway, between Sixth and Seventh.

## IN THE INFERIOR COURTS.

**Friend of Arrested Speeder Tries to Convince Judge That He Could Tell Rate of Travel.**

W. W. Wilson, a friend of Robert E. Bole, was a witness for the latter in the Police Court yesterday. Bole was charged with exceeding the speed limit and his friend tried to show he could estimate the speed of his friend's automobile. He did not know until told that Police Judge Chambers was formerly a locomotive engineer.

"Bole was not driving more than twenty miles an hour because I passed him and I knew he was not going too fast," Wilson said.

In questioning him, Judge Chambers asked that Wilson was going in the opposite direction from Bole and consequently could not judge his speed by his own speedometer.

Wilson, however, contended that he could judge the speed accurately and that drew from Judge Chambers a statement about speeding in general.

"I was on a locomotive for years, but I never was able to judge the speed of another train which I passed," Judge Chambers said. "If you are able to do it, will be glad to see it done. Suppose, Mr. Wilson, you, Bole and the motorcycle officers go to Ninth street and Central avenue this afternoon and test your ability to guess the speed of one of the machines."

Wilson agreed to the test. The result will be announced in court this morning and sentence will then be passed on Bole.

## NEGRO IS HELD.

### INVOLVES THREE RACES.

As a result of a negro resenting with a gun the attentions paid by a white man to a Japanese girl, the latter held for a preliminary examination under \$3000 bail by Police Judge Chambers yesterday. He is charged with assault with a deadly weapon.

Robert Pullen is the negro and W. L. Hinds the white man. Hinds was in a Japanese restaurant near First and Alameda streets about five days ago and chanced to see a pretty little Japanese waitress presiding over another table. He changed his seat so as to be served by the girl. Pullen, who is a Japanese, became jealous.

He pulled a gun from his pocket, the police say, and shot Hinds. The latter fell to the floor, but was not badly wounded. Pullen was arrested.

## "MISHING" CHARGED.

### BOY TO BE TRIED TODAY.

Arthur Crawford, 21 years old, must appear in Police Court this morning to answer to a charge of disturbing the peace, but more specifically to having attempted to "mish" a 16-year-old girl he passed on Main street.

Crawford was seen by an officer and arrested at the Police Station. He said he did not speak to the girl, but addressed a boy friend he saw approaching.

Police Judge Chambers ordered the boy held until today and sent instructions to Crawford's friend to appear in court as witness.

## LITERARY THEFT.

### THREE MONTHS IN JAIL.

Because he could not withstand the lure of the highly-colored covers of five magazines which he saw on display in a store at Ninth and Main streets yesterday morning, Fred Brown must spend the next ninety days in the East Side Jail.

When he was found in his possession when he was overtaken by an officer and the proprietor of the store declared very emphatically that charging him with literary theft in the manner customary among citizens in good standing.

Brown made a plea for leniency, the ground that the offense was committed in the interests of "education."

"What is the theft of five old magazines compared with the good they will do me and the 'cents' who will pick them up when I have thrown them away?" he asked.

"Anything else to say?" Police Judge Chambers asked politely.

"Nothing," I guess, but to ask 'what's the answer is ninety days," said the court gently.

## SIX MONTHS' LIMIT.

### ESCAPES SENT BACK.

Inasmuch as the longest period a prisoner can be confined in the City Jail is six months, no punishment can be meted out to William Whiffey and William Brown, who escaped from the Eastside Jail a few days ago.

Whiffey was taken into Police Court before Police Judge Chambers yesterday afternoon. It was then decided that the only thing to do was to send him back to complete his six months sentence.

Powers will not be taken into court but will be transferred from the Central Jail to the East Side Jail with Whiffey.

## Murder Charged.

A complaint charging E. Juarez with murder was filed in Police Judge Chambers' branch of Police Court yesterday. Juarez will be arraigned today.

Audino Martinez, who was charged with killing, died in the Receiving Hospital last Sunday afternoon. Death was due to a severe fracture of the skull.

## Eatogress Expensive.

Four eatogress who were eager to get to the fight pavilion Wednesday in time to see the foot-tug battle, appeared before Police Judge Chambers yesterday. They paid fines of \$25 each.

## Police Court Brevities.

For stealing half from the tail of several horses in a stable on Alameda street several days ago, Carlos Moreno was sent to jail for 120 days by Police Judge Chambers yesterday morning. Moreno said he used the hair in making hat bands.

G. J. Mosbacher, arrested four days ago for running too fast through the Third-street tunnel, paid a \$5 fine in Police Judge Chambers' court yesterday afternoon.

Despite the fact that Wednesday was a holiday, the number of inmates who appeared in Police Court yesterday was below the average. But thirty-two bibulous ones answered roll call, and they were released.

## Digging.

### HEAVY RECOIL FOR RECOUNT.

**GRAND JURY IS INVESTIGATING ALLEGED CROOKEDNESS.**

The grand jury, yesterday, began an investigation of the cause for the condition of the returns from certain precincts when they were produced before Judge Murphy during the District Attorney's recount.

The election officers from precinct No. 2 were before the body yesterday. The returns from this district were sent to the County Clerk in wrapping paper. When they were unofficially counted, Woolwine was given a gain of seventy-four votes.

There are several other precincts in which there were wide discrepancies between the count of the election boards and that which was conducted under the direction of Judge Murphy.

The District Attorney is not participating in the investigation. It was he, at his suggestion, he having written a letter to the jury early in the week. He asked to be relieved from examining the witnesses as he did not desire to be put in a position where it might be said that he was endeavoring to further political ends.

One of the purposes of the investigation is to put an end to a thousand rumors of crookedness and inattention which have been charged up to the election boards. Deliberate tampering with ballots has been charged from several quarters. It has been asserted that this was done after the election boards had made their counts.

In other cases it has been declared that the election officers became so intoxicated that they were unable to make proper returns. In some of the large precincts it has been asserted that the ballots were divided and taken to separate rooms, the two sets of clerks adding their figures together when they had finished their respective parts of the work.

Persons who took up Woolwine's side of the contest under the guise of respectable statements accredited to them in the press.

For Judge Murphy, who presided over the recount, will probably be called to give an expert opinion. The magistrate has had extensive experience in election counts and a decided knowledge of the value of the various methods of counting.

Yesterday Charles E. Warner, Woolwine's instrument in the contest, wired the Governor a request to confer with the Attorney-General regarding the appointment of a special prosecutor to investigate the contest. Allen I. Warren, secretary of the League of Justice, wired the same request to the Attorney-General.

## DECLARE ABOUT TUNNEL.

### Glendale City Trustee Adopts Resolutions Regarding Proposed Bore of First Street or Second Street.

Resolutions regarding the tunneling of First-street or Second-street have been adopted by the Board of City Trustees of Glendale. The resolutions recite that "whereas there is a movement on foot with a view to building a boulevard from the San Fernando road directly across the Los Angeles river to Edendale, which would strike Lakeshore boulevard and come down Second-street to Figueroa."

It is declared that the citizens of Glendale are very much interested in the construction of such boulevard and tunnel. The resolutions further declare that if the Los Angeles City Council "will see fit to construct such tunnel so that the termination of the same will be at Second and Figueroa streets instead of First-street, that we believe it will be to the advantage of the great number of people who daily travel to and from the city of Glendale by automobile and street cars as it is the most direct route to the heart of the city."

further down. This holding of the company consists of 177 acres in section 19, 21-12, Mount Diablo meridian, and is about seven miles southeast of San Luis Obispo. The formation is identical with that of the Santa Maria field, and may be said to be the northwest-ly continuation of the latter. The company's other holding consists of 2500 acres in Kern and Ventura counties. Development work will be started on it as soon as the well now drilling is brought in.

**Brown Gold Seekers.**  
The development in the Lost Hills field in the short time since the discovery well was brought in is considered remarkable by the veterans of the drill. Now news comes that the Lake-shore people have made another good strike, this time getting a 700-barrel well. There are over fifty rigs, of which thirty-two are standard, set up in the hills, and development is being pushed with vigor.

**Thirty-four Gets Oil.**  
T. O. Turner, superintendent of the Thirty-four Hill Oil Company, operating on section 34, 11-23, Maricopa, confirms the announcement that oil has been struck at a depth of 1844 feet. There is a strong gas pressure and the oil is of light gravity for that district. The stockholders are elated.

**News Notes and Personal.**  
R. S. Hazekine, who has had long connection with the Nevada Petroleum Company, has lately assumed the general management of the California properties of the British Consolidated Oil Corporation, Limited. Hazekine has a splendid record as a field superintendent.

James P. Ross, Elbert T. Edwards, W. L. McCormick, J. H. Ross and M. A. McCormick, all of Taft, have organized the California Well Drilling Company, with capital of \$250,000. W. T. Wheatley, vice-president of the Midway Five Oil Company, is taking an active interest in the management of the property, and spends the last week of each month in the Midway field. He always makes the trip to and from Los Angeles in his automobile.

Manager Andre of the North American Petroleum Company of this city is preparing to drill for oil eight miles northeast of Hayes station in the Kramer field. J. D. Hutchinson, who has charge of the interests of a Chicago syndicate, is now drilling for oil six miles north of Barstow. He started with a four-inch hole, and expects to strike oil from 2000 to 3000 feet.

The Ojai Valley Petroleum Company of this city has elected the following officers: E. O. Sweet of Chicago, president; Dr. L. L. Robertson of Midland, Ky., vice-president; Ira L. Miller, secretary and treasurer; J. C. F. Atsett, Crosby Salmon, Dr. J. W. Truworth and A. E. Merrill of Los Angeles and Pasadena, additional directors. The Melwood Petroleum Company, an associated concern, has elected the following: Washington Hunter, president; George L. Bannister, vice-president; W. L. Twining, secretary.

E. E. Segur of San Francisco, organizer of the Sunset Monarch Oil Company and prominent in the industry, is talked of as a candidate for mayor of the Bay city.

Thomas Turner has resigned as superintendent of the Muscatine Oil Company to take charge of the Thirty-four Hill and Sunset. Security, adjoining properties. He still retains his interest in the Muscatine.

E. A. Hayden of Escondido has recently purchased the June Oil Company's lease from the Mount Diablo Oil Company consisting of forty acres on section 32-23, Midway. There are three producing wells on the lease with an output of 4000 barrels monthly.

E. A. Gundersen, Jr., one of the most prominent oil operators of the Coal-field, and holding an important position in the company of the Independent Agency, is spending a few days at the Van Nuys Hotel.

Mark L. Requa, a prominent oil and mining operator of San Francisco, is here on a business trip and is stopping at the Van Nuys Hotel.

E. L. Doherty, Dr. Norman Bridge, C. A. Canfield and others connected with their Mexican oil properties, have gone to Mexico to visit the various properties of the syndicate.

**MUST FACE TRIAL NORTH.**  
Former Employee Seattle Postoffice Accused of Abstracting Money From Mails So He Could Marry.

Kessler W. Cabler, formerly night foreman of the Seattle Postoffice, must go back to the northern city to stand trial for having stolen \$1500 from the mail, for the purpose of defraying the expense of eloping with an old sweetheart. United States Commissioner Van Dyke entered an order of removal yesterday.

The innocent instigator of the crime is a Baltimore girl, whom Cabler has known since boyhood. He came West five years ago to make a fortune in order that he might marry her.

His salary at the postoffice was not large and an inborn desire to gamble consumed all of the small sums which he endeavored to lay aside from time to time.

He is accused of having decided upon a desperate plan. The National Bank of Commerce consigned \$1500 to the Chase National Bank of New York City. Cabler substituted a worthless package for the money and immediately went to San Francisco, where he knew he could gamble to his heart's content.

He finally applied for work in the local office. His record was ascertained and he was taken in custody. He will probably be taken North today.

**OVERLAND TRAINS LATE.**  
Local mails are being tardily received on account of the heavy snowfall in New Mexico and Texas. Southern Pacific train No. 3, which was due at 7:30 a. m. Wednesday, arrived at 1 o'clock yesterday morning. The Santa Fe Limited was twelve hours late and the Overland of the same line came in eighteen hours overdue.

**COFFEE DISAPPEARS.**  
The mysterious disappearance of 1200 pounds of coffee from the office of Hills Brothers in the partially-burned Byrnes building is puzzling the police. A search is being made of the places in the city where such a commodity could have been disposed of by the thieves. Since the fire, workmen have been employed to clear out the debris and guards have been stationed about the building at all hours of the day. Despite this fact, the coffee was carried out undetected.

**THEY MEET EACH WEEK.**  
Michigan Alumni and former students of that institution, who are living in Southern California, meet every Friday noon at luncheon at the University Club. Special invitation is extended to strangers in the city to be present at the luncheon.

**CASTORIA**

FASHIONS FOR MISSES IN  
**Coats & Dresses**

Our showing of new garments for misses presents a diversity in style and materials. "Ville" models will appeal strongly to girls with exacting tastes, for our styles express the latest ideas of fashion.

Misses' Wool Dresses  
\$10, \$12, \$16.50

The assortment of wool dresses comprises both one-piece Peter Thompson and Sailor styles. The assortment of materials includes navy or black serge, and black and white Shepherd checks.

Misses' Wash Dresses  
from \$7.50 up

Smart and attractive are expressions one can't help but apply to our new wash dresses for misses. They are shown in a variety of styles and are made from pretty plaid or checked gingham, plain chambray, rep, natural or white linen, etc.

In one-piece Peter Thompson or sailor dresses.

**MISSES' COATS**  
3/4 and Full Length Styles  
\$7.5 \$10, \$12.50, \$15

Misses' coats, in styles and materials, closely follow the fashions of their elders. They are made of practical and serviceable materials such as mannish mixtures, homespun, serges and diagonal, in green, gray and tan tones. Also plain red. A satin collar adds a smart finishing touch to most of these nobby coats.

**NIGHT GOWNS—Combinations**  
Splendid Values \$2.95 at each

We want to emphasize the excellence of our garments at this price.  
**THE GOWNS AT \$2.95** are made of soft nainsook, cut with high, low, square or V shaped necks. Trimmed with val. or cluny lace, some have Swiss medallions inset.  
**THE COMBINATIONS AT \$2.95**—These garments combine corset cover and drawers, and are trimmed with dainty lace or embroidery. Each garment is cut correctly which insures perfect comfort to the wearer.  
Splendid values at \$2.95 each.

RELATIONS WITH JAPAN.

It appears that our relations with Japan are now friendly and are likely to continue so unless another American sailor happens into a San Francisco Jap restaurant for the purpose of smashing the dishes and otherwise upsetting the establishment.

GENE AGAIN.

Senator Lodge is nearly laughing himself into fits. Gov. Foss of Massachusetts issued a proclamation ordering the schools to be closed on Lincoln's birthday, and did not discover that the anniversary fell on Sunday until someone reminded him of it. "Gene is a 'progressive'—one of the new crab school, who would make modern Boston an ancient Athens.

HE WILL BE MISSED.

The man whose business it is to keep cases on the United States Senate from day to day reports that Senator Beveridge of Indiana continues to average about three speeches per diem on the floor of the chamber. Next month Beveridge will be succeeded by a Democrat and the Senate walls are not likely to then reverberate nearly the amount of eloquence to which they have been accustomed for some time past.

IT OUGHT TO BE TRIED.

"Gen." Berthold, the distinguished Knight of Rest who appears to be pretty much the big smoke among the Mexican insurgents, has frankly stated that it is his intention to establish a socialistic commonwealth in Lower California in which said commonwealth "the man who works with his hands will be supreme." It should be tried. The spectacle of Berthold or the likes of him working with either hands or feet or with anything except a big mouth would be well worth a long journey to see.

GOOD AND BAD NEWS.

It is certainly good news that the orange growers of California will now be able to ship their fruit to the East at a greatly reduced cost, owing to the decision of the Interstate Commerce Commission in the matter of free charges. But here comes the Goo-Goo Legislature at Sacramento incubating a law which prohibits women from working longer than eight hours a day. In the rush season at the packing-houses this law will greatly cripple the packers and add an extraordinary expense, which, of course, the orange growers must bear.

HOW ABOUT THIS?

A dispatch states that the I. W. W. hobo "army" encamped in the northern part of the State on its way to Fresno gathered around a red flag and sang the Marseillaise. It is bad enough to sing the Marseillaise or any other song the way those loafers sing it, filling the air with raucous and nerve-debilitating sounds; but a red flag in this country can be used for certain purposes only, such as auction sales, the flagging of railway trains and to notify the neighbors of a presence of infectious disease. Otherwise, the red flag is the flag of anarchy and whoever raises it is a law-breaker.

SPREADING THE JUICE.

Few people outside of the territory that lies between Los Angeles and San Bernardino have an adequate idea of the tremendous progress that has been made and is still to be made in that territory through the expansion of trolley lines.

The day will soon be at hand when the great sunlit stretches between the mystic mountain of the Arrowhead and the busy harbor of San Pedro will be one vast network of rails over which the people shall travel expeditiously and economically, not to speak of ease and comfort.

Also by means of harnessed water power and other arrangements for driving dynamos, the territory aforesaid will be as thick with electric lights at night as the heavens are thick with stars. All of which adds to the irrevocable belief of the people here resident that Southern California, either by day or night, or at any season of the year you may think to name, is the best place on earth to live in.

THE FADS OF POPULISM.

The Evening Revolver questions the statement of The Times that "there has never been any expression of the people even by a straw or advisory vote of a desire to change the government of the State of California from representative government," and it is so unkindly expressed by "the servants of plutocracy"—The Times thereby meaning—"is as worthless as they are who express it"—thereby discountenancing intimating that The Times aforesaid and last hereinbefore mentioned is "worthless."

The Times will not bandy epithets with the Evening Revolver. It will not descend into a sewer to exchange billingsgate with a mud-slinger. It will not call it a hemlock bug, or intimate that it is a chloped. It will content itself with restating the facts.

When the Republican voters cast their ballots at the August primaries, and nominated the gentlemen who now constitute the Legislature, the only platforms or declarations of Republican faith then extant were the national and State platforms. In neither of these was there an endorsement of the initiative, the referendum or the recall. These populist doctrines had been presented to the people of the United States repeatedly and as repeatedly refused adoption. Even the peerless plagiarist of the Platée was unable to secure endorsement of them. In the canvass in this State which preceded the primary election the main issue was the calligraphic exhibition promised by Johnson, and nobody peeped in behalf of what The Times will continue to call "these fads of populism."

Republicanism, through a process of placing the cart before the horse. It was after and not before the candidates for the Legislature were nominated that the nominees were fitted with initiative, referendum and reform garments.

The tailor who supplied the raiment was Hooley Lissnerski. He selected the members of the county committees and these named those who were elected members of the State Central Committee, and Lissnerski's henchmen made Lissnerski chairman, and he wrote the platform which included the initiative, the referendum and the recall, and thus these measures were crammed down the throats of the Republican candidates for legislative honors.

What could these gentlemen do? They were already nominated. They were given their nominations on the national and State Republican platforms, and then given a set of political principles afterwards by the most tyrannical and presumptuous little political boss that ever cracked the whip over the heads of his followers. The legislators were not under the slightest obligation to support the initiative, the referendum or the recall; their support of these doctrines has never been demanded or authorized by the mass of Republican voters, and The Times ventures to hope that it never will be.

JAPANESE AND CHINESE.

So far as the absolute rights of human beings are concerned The Times is color blind. It believes that no color of cuticle, no kink or straightness of hair, no thickness or thinness of lips and no shape of head can add to or take from any man his right to life, liberty and the pursuit of happiness. Yet between rights and privileges there is a difference. A man who is born in this country is the political equal of every other man born in this country, and neither State nor nation can lawfully deprive him of his right. Men born abroad of foreign parents have no absolute right to come and reside here. It is a privilege granted to them and which may be withheld at the pleasure of the American people. They have always welcomed as immigrants and settlers people of Anglo-Saxon, of Gallic, of Teutonic, of Scandinavian and of Latin origin. They have never extended a similar welcome to Asiatics. They have, rather, demanded their exclusion. In making such demand they have, until within the past few years, been inclined to discriminate between the yellow men who plait their hair into queues and the brown men who cut their hair, favoring the latter at the expense of the former.

There is no ground for this distinction, and there is neither justice nor wisdom in it. Whatever privileges are granted to the Jap should equally be granted to the Chinaman. Whatever restrictions are placed upon the Chinaman should equally be placed upon the Jap. It is the experience of all who have observed the conduct of who have had business contact with Asiatics, that the Chinese are the intellectual equals of the Japanese and that in integrity they are their superiors.

Whatever may be done or left undone with respect to the pending treaty with Japan should be done with the treaty with China.

GOVERNMENT BY COMMISSION.

The abolition of representative government and the substitution of a government of Johnson, by Johnson, for Johnson and his satellites is proceeding at Sacramento "with certainty, celerity and security." Municipal rule—the government of cities and counties by their own citizens—will be at an end if the bills now pending at Sacramento shall become laws, for all municipal laws will be crumpled up and thrown into the waste baskets. It will be necessary for all doctors, dentists, apothecaries, compounders of patent remedies, barbers, plumbers and the followers of several other trades and avocations to procure licenses or permits—after rigid examinations—from one of the other of the inspectors (1000 or thereabouts in number who will be appointed by commissioners to be appointed by Johnson. The pharmacist who shall without a permit advertise pills or soothing syrup, and probably the newspaper proprietor who shall print the advertisement—will, if a bottle or box shall be sold (for 50 cents) except upon a prescription from a licensed physician, (who will charge \$2 or more for writing it) each be guilty of an offense for which the County Jail will yawn for him.

The unlicensed plumber who shall apply a soldering iron to a leaky pipe; the unlicensed barber who shall rub a tonic on a customer's head; the unlicensed dentist who shall apply his forceps to an aching grinder, will all be joined by steel ties in the lock-step of fellow-convicts. Only lawyers and barkeepers will be free to follow their beneficent vocations without license and free from domination by one of the 1000 inspectors.

But there is no cloud without a silver lining, and among those who will be tossed into the scrap heap will be State Senators and Assemblymen; for the initiative, the referendum and the recall will render them as unnecessary as overcoats at Panama.

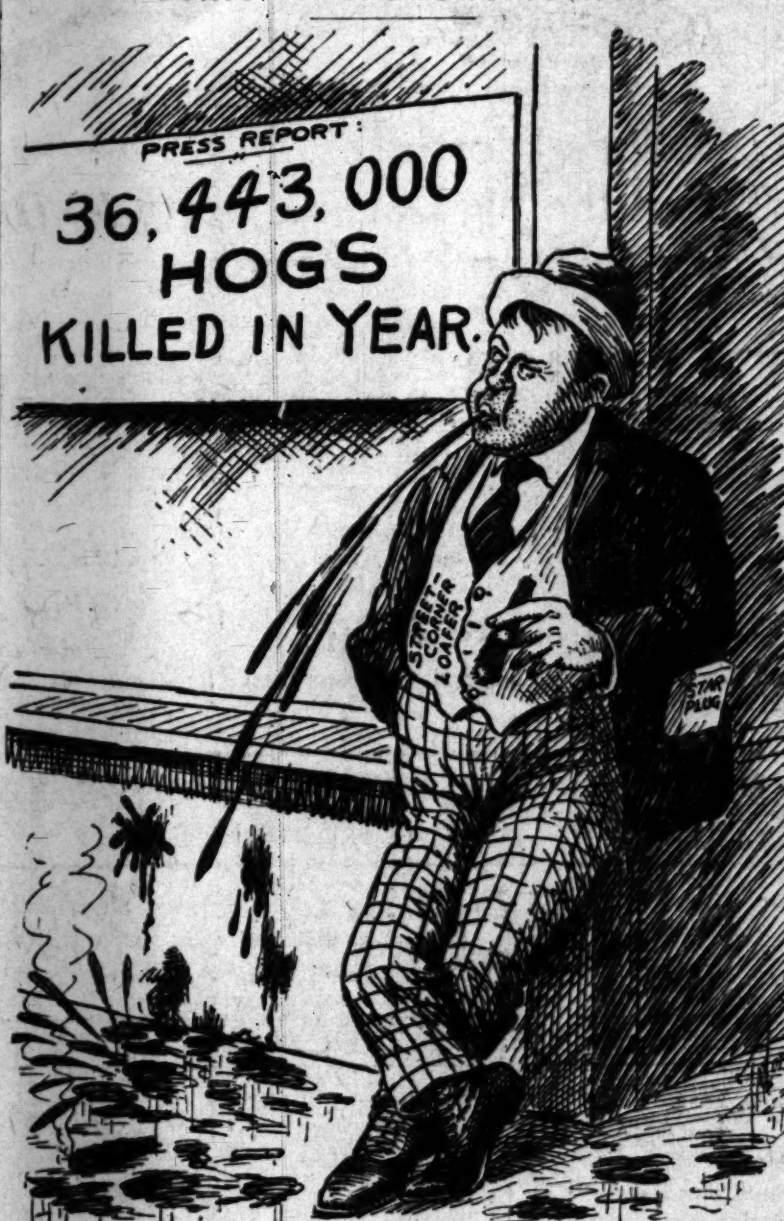

THE TIVETMOE GANG AND THE PANAMA FAIR.

The Merchants' and Manufacturers' Association of Los Angeles asked that all moneys deposited with the State Treasurer to the credit of the Panama Pacific International Exposition "shall be used only with the understanding that in the employment of labor or the use of materials in connection with the fair, no discrimination shall be made between the union and non-union mechanics, or materials bearing the union label or not. The Tivietmoe-Gallagher-McCarthy gang, being apprised of the action of the Merchants' and Manufacturers' Association, went to Sacramento and opposed it vigorously. It becoming evident that unlimited industrial freedom could not be obtained, so far as general improvement of the exposition grounds and construction of exhibition buildings is concerned, it was next proposed to allow such freedom to exhibitors individually by a clause reading as follows:

"Provided further that any exhibitor shall be permitted to construct all buildings required by such exhibitor and to improve all grounds used by him, and shall be permitted to unpack, install, maintain and repack all exhibits in such manner as he may see fit," etc., etc.

The closed-shop laborite representatives in the Legislature, backed by the Governor, the San Francisco members and the exposition management, amended the foregoing

# Some Were Overlooked.

by striking out the words which allowed each exhibitor to construct his own buildings and improve the grounds used by him, and proposed to limit the right to pack and unpack by inserting the word foreign before exhibitors, so that only foreign exhibitors were allowed any industrial freedom at all, and they were limited to the privilege of packing and unpacking their own goods.

The Los Angeles members succeeded in having the word "foreign" stricken out. Then the laborites added to the resolution the clause submitting the right to pack and unpack to "rules to be established by the commission," and the law as finally passed reads as follows:

"Provided, further, that any exhibitor shall be permitted to unpack, install, maintain and repack all exhibits in such manner as he may see fit, subject to uniform rules and regulations established by the exposition authorities and approved by the commission appointed under the terms of this act."

As the "exposition authorities" will be entirely under the domination of the Tivietmoe-Gallagher-McCarthy gang, it may be expected that they will "establish such rules and regulations," and "approve" such action of exhibitors, as will take from exhibitors the right to employ non-union labor in packing and unpacking exhibits.

In brief, the exposition, with the expenditure of the \$5,000,000 provided by the State and the \$5,000,000 furnished by San Francisco, is to go into the hands of Tivietmoe, Gallagher and McCarthy. Whether all the subscribers to the \$7,500,000 will place their contributions in the hands of the gang or will recall their subscriptions remains to be seen.

In any event, the Japanese, Chinese and Hindoostanee exhibitors will not be likely to turn over the construction of the peculiar buildings they would desire to represent their countries to the union laborites of San Francisco, and the showing made from the countries on the other side of the Pacific will be apt to be limited.

THE DISEASE OF GIANTISM.

In nature we have two kinds of growths, the normal and the abnormal; the slow, sure growth of sturdy strength and skyrocket precocity known to science as "giantism." Every once in a while some human being shoots up vertically above his fellow-men till he becomes valuable for the unusual number of his inches, as a side-show wonder or a natural-history specimen—and for nothing else.

This giantism is a disease. It is caused by a germ in the brain cells and may attack any healthy animal at any period of life. The same germ slightly twisted will produce an insignificant Tom Thumb. This is one of the freaks of nature apparently beyond the power of man to control or of science to correct.

Giantism as a disease not only affects the physical growth; it may also appear as a mental or moral abnormality in the character of the individual; indeed sometimes whole communities may suffer from this infectious germ. The man who, on account of having been once indorsed by the popular vote, believes himself to be an indisputable potentate to regulate every interest and appoint every law officer in a whole community, has been infected with the germ of giantism. And as the physical giant-foetus are all doomed to early physical death, so is the abnormal political giant surely consigning himself to an early political grave: His ego may be valuable for anatomical purposes when that time arrives. That is all.

The methods of the fanatical reformer, who would immediately pulverize into impalpable dust every institution to him personally obnoxious, savor strongly of giantism. Like the stature of the excessively tall man they go to too great lengths; there is no breadth or solidity to them and so they are interesting only to pedants and sensation mongers. The aspirant for distinguished honors among the artists, actors, writers, singers or orators of the world who

## FLANEUR'S FLIGHTS AMONG THE NOTABLES.

The famous Hope diamond, which some years ago was reported falsely to have been lost in the Indian Ocean, has been purchased by Edward McLean, a Washington millionaire. Mr. McLean gave \$300,000 for the gem, and is having it made up for the use of his wife, the sole heiress of the late multi-millionaire mine owner, Thomas Walsh, who refuses to believe in the superstition of bad luck attaching to the wearer of the gem.

The woman who cherishes the Hope diamond clears herself from any charge of superstition, for the history of the famous jewel is one of death and misfortune to its successive owners. It was brought from the East in 1688 by the great traveler, Tavernier, whose affairs at once took a turn for the bad. At the age of 81 he set out on a fresh voyage to retrieve his fortunes, and died of fever abroad. The diamond then became part of the crown jewels of France. Mme. de Maitreton, the pious favorite of the "Grand Monarque," dated her decline of influence from the day she persuaded Louis XIV to let her wear it, and soon after Fouquet, the great financier, borrowed it, he lost the royal favor, and was imprisoned.

Marie Antoinette, who wore it at the Tuilleries, died under the guillotine, and Princess de Lamballe, who also had worn it, was killed by the mob. It disappeared for forty years, and was then intrusted to an Amsterdam diamond cutter named Fals to be divided. His son stole it, ruined his father, and then committed suicide. A Frenchman named Beaulieu, to whom the younger Fals gave it, died of starvation before he could sell it. Then it became the property of Henry Hope, whose name it now bears.

Ruin quickly followed its possession by a New York dealer named Frankel. Prince Kamlovski, a Russian, loaned it to a French actress and shot her dead on the stage the first night she wore it; a French broker, through whose hands it then passed, was mad, and a Greek jeweler, its next owner, was thrown over a precipice with his wife and two children and killed. Abdul Hamid, the ex-Sultan of Turkey, next gained the diamond and lost his throne, and its keepers at Constantinople were murdered.

The superstitious will ask, What next? Believers in the supernatural rather are concerned at the moment regarding a mummy which is included in the Assyrian and Egyptian antiquities bequeathed to the British Museum by Lady Menz. The mummy is that of Neo-Amu, who died about 2500 years ago, but who does not seem able to rest comfortably unless he is doing somebody a bad turn. Neo first came into the possession of the late Mr. Walter Ingram, younger brother of the founder of the Illustrated London News, who bought it while serving in one of the Nile campaigns. Owing to a misunderstanding, Mr. Ingram did not pay the price the dealer expected, and in his wrath he heaped an ancient curse on Mr. Ingram's head.

Curiously enough, two years later Mr. Ingram was killed while elephant shooting in Somaliland, while in 1900 Sir Henry Menz died childless, and his baronetcy became extinct, another clause of the curse therefore being fulfilled. And now some people are wondering who is going to happen to the directors of the British Museum if they accept the bequest.

Lord Worsley, son of Lord and Lady Yarborough, and Miss Alexandra Vivian, sister of Lord Vivian, were married recently in London, and there was a large and distinguished congregation, among whom the bridesmaids distributed favors of the bride's name flower. Miss Vivian made a charming and graceful bride in her gown of dead white satin interwoven with silver thread. The long, square train was quite plain, except for a magnificent founce of Brussels lace, the gift of her mother, Lady mousie Vivian. Her ornaments were a flat diamond brooch and a lovely string of pearls, and her tulle veil was worn over a wreath of orange blossoms.

The bride received from Queen Alexandra a pink tassel and pearl pendant and an Indian shawl. Attached to the pendant is an autograph card inscribed, "With love to my god-daughter, from Alexandra." Lord Worsley gave his fiancée a diamond tiara, and Lord and Lady Yarborough were the donors of many gifts, including a diamond and sapphire pendant, a Maltese cross in diamonds, and a diamond and pearl cluster ring. From Miss Violet Vivian and Lady Haig, her twin sister, there was a fan of eagles' feathers mounted in tortoise shell with a diamond monogram.

Other jewels in the list of presents were a diamond and pearl slide from Lady Nunburnholme; diamond brooches from Lord Cochrane and Mr. and Mrs. Leopold de Rothschild; a diamond plaque pendant on a long chain of pearls from Mrs. Holdsworth (the bride's aunt); a jade and diamond pendant and chain from Mr. Assheton-Smith; a diamond brooch from Miss Enid Assheton-Smith; a diamond and pink enamel pendant from Lady Louisa Vivian, the bride's mother, and another diamond pendant from Mr. Walter Vivian; a diamond and sapphire scarf-pin from Lord and Lady Gerol; gold and enamel electric bell pushers from Lord and Lady Chesterfield and Lady Cooper; and an enamel and gold watch from Capt. and Lady Mildred Follett. Lord and Lady Lanesborough sent a gold three-handled loving cup; Lord and Lady Garvagh gold trapezoids; silver-gilt teacaddies and bombon dishes came from Lord and Lady Grosvenor; Lady Naylor-Leyland and Sir Francis Monflore. The Duke and Duchess of Norfolk's gift was a chased silver salver, and a set of five salvers were presented by friends on the Yorkshire estates of Lord Yarborough.

## UNCLE WALT.

The Poet Philosopher.

My neighbor's bought a motor car, in which he trives fast and far. I see him burn up mile on mile, and put forty kinds of style. I also see some folks turn green when gazing at that new machine. But I'm contented just to walk, when I must chase around a block. My soul for splendor never begs—I point with pride to my fat legs. There are no better legs in town; they beat me gaily up and down, through every street and quiet lane, and never revolt, and ne'er complain. I do not have to paint them green, or fill them up with gasoline, or fuss around with wrench and maul, to make the blamed things go at all. I do not carry traps in kegs, to make repairs on my fat legs; I do not send them to the shop, because they don't blow up or stop; they do not skid or bust a tire, or leave me stranded in the mire. They do not run poor victims down, and mash them up from heels to crown; they do not honk or hiss or toot, to scare some horseman's nervous brute. After year they bravely walk, my good fat legs, that never balk. I would not trade my trusty limbs for any car that snorts and skims beneath its load of idle rich, until it dumps them in the ditch.

WALT MARON.

Faith Rewarded.  
**BRIDE SECURES HIS RELEASE.**  
WIFE OF FEW WEEKS GETS BAIL FOR CAMERON.

Iowa Youngster Let Out of Jail on Sureties Found by Girl for Whom He Is Accused of Having Perjured Himself in Order to Marry—Like Pair of Children—Happy.

After a three-day search for bondsmen to be responsible for her husband's appearance when he is wanted to face a charge of perjury which he is alleged to have committed for her sake, pretty little Mrs. Jack L. Cameron secured his release from the City Jail last night on \$1500 bail.

Cameron was arrested Monday by Detectives Jones and Boyd, upon advice from Sheriff Van Ness, of Des Moines, who says that he is wanted there charged with having perjured himself in testimony given to secure a divorce from his first wife. This he did, it is alleged, in order that he might be free to marry his present one.

The latter, a remarkably pretty girl of 18 or thereabouts, came with Cameron from the Iowa capital several weeks ago, ignorant, to all seeming, of the cloud on their marriage. They found a little home, Cameron got a place as a window-dresser for one of the downtown stores and they were very happy.

Immediately following her husband's arrest, the little wife hastened to the jail to protest her belief in his innocence and to try to secure his release. She was told that it would be impossible unless someone could be found to go surety for his appearance when the Des Moines officers arrive.

Nothing daunted, the girl made the rounds of all the business men with whom she had even the slightest acquaintance, simply and straightforwardly telling what she believed to be the facts. On the third day she found two men who are willing to back their belief with hard cash—D. T. Hindman and George C. Beckman. All day long yesterday she sat in Police Court patiently waiting to be rewarded at 5 o'clock with the formal issuance of the papers which release her husband on the surety of his friends.

The meeting of the youngsters—Cameron does not seem to be more than 18 himself—at the jail door was an affecting one. Otherwise the alleged perjurer does not seem to consider his plight in the least serious. He joked cheerfully while waiting for his property, kissed his wife and finally went off down the street in search of supper, she clinging trustfully to his arm.

**BUYS ON SOUTH GRAND.**  
An unimproved site at the northeast corner of Twelfth street and Grand avenue was yesterday purchased from the Highland Home Company, by D. Sayer for a consideration of \$60,000. The property, which has a frontage of eighty-seven feet on Grand avenue by 115 feet on Twelfth street, was acquired for investment purposes. The deal was made through Leon J. Conklin, with Bryan & Bradford.

FRANK U. CARPENTIER'S letter in The Press, regarding the condition of the city, is a most useful occupation.

**Robinson Company**  
Nurses' linen collars—slightly soiled, but one laundering will set them right—FIFTEEN CENTS A DOZEN.  
(Main Floor, Rear.)

**Women's 35c to 50c Stockings 25c**

It's the clean-up of the big sample line which was placed on sale last Friday. In the crush hundreds of pairs were separated and rendered unsalable until we could get time to sort them out and re-mate them.

Now they are ready—35c and 50c values at 25c a pair.

**A Message to YOU**  
Read it in the full page article in the March first number of the Ladies' Home Journal regarding your figure and Gossard corset.

The Gossard Co. paid \$5,000 for the privilege of sending this message to "you." If it is worth so much to them it is worth something to you. It is laden with vital corset facts. We are exclusive agents for Gossard Corsets in Los Angeles and we strongly recommend that you have one of these much-talked-of corsets fitted to you.

**Boys' \$5 to \$12 Suits \$3.50**  
Boys' double-breasted Knickerbocker suits of sturdy, stylish, all-wool materials, for boys of 8 to 16—but not all sizes in any one pattern—\$3.50; early season prices \$5 to \$12.

Boys' \$5 to \$12 cravenetted Overcoats—broken lines in 8 to 16 year sizes—now \$4.65 each.

Odd sizes in boys' felt hats—values up to \$2.50 now \$1.

**Misses' \$10 to \$25 Wash Dresses \$4.95**  
(On Sale Saturday)

Nearly a hundred one-piece dresses of fancy embroidered repps, plain linens and the rough heavy linens, in 14, 16 and 18-year sizes, go on sale Saturday morning at \$4.95; were \$10 to \$25. Many of them just right for adult women of slight stature. Misses' Dept. now at Hill Street end of Second floor.

**Misses' \$20 to \$40 Suits \$15**  
(On Sale Saturday)

No exaggeration of valuations; neither are they left-overs from past seasons. All THIS season's garments—and their duplicates have actually sold at \$20 to \$40.

Jaunty coat suits of smart English tweeds, homespuns, broadcloths, serges, basket weaves and mannish suitings, in 14, 16 and 18-year sizes—the larger ones ideal for many grown women.

Hill Street end of the second floor. Use rear elevators.

**"RED" SOXERS TOSS ORANGES.**

Boston Ball Artists Given Pleasing Welcome.

Special Train Ends Longest Baseball Journey.

Visitors Receive Glad Hand at Many Towns.

BY LOU GUERNSEY.

"The Red Sox will hold their first real practice on the Redondo beach grounds this morning," said Manager Donovan.

"We may decide to postpone practice until 2 in the afternoon, in order to let the boys rest up, but I guess they'll be in shape to warm up at 9 o'clock."

"No hard practice will be indulged in for several days. Our first game will be on Sunday with the Redondo team. I haven't any idea how we'll line up."

The Boston American League baseball team—the Red Sox—indulged in the first spring practice for the 1911 season at Colton yesterday afternoon, when Manager Patsy Donovan and his forty-three ball players were met by a delegation of Colton citizens armed with buckets filled with juicy California oranges which they presented to the players, who threw them about working out the wintry kinks and unused muscles.

The Boston ball-tossers took several buckets of the yellow fruit aboard the coast-to-coast de luxe special and passed their time from Colton to Los Angeles munching oranges and packing their suit cases.

The Red Sox special thundered into the Arcade depot, shortly before 8 o'clock last evening, carrying forty-five baseball players and several officials and their wives. The party has been on the road since Saturday afternoon, with the exception of a few hours' rest in Chicago. All on board were in fine spirits on their arrival at the somewhat travel-stained and tired from the long transcontinental trip.

The special was met at the depot by scores of Los Angeles fans and sportsmen, headed by Henry Berry, Jim Jeffries, Eddie Maier, Captain Dillon, "Happy" Hogan and a delegation of newspapermen. When the straight athletic form of Manager Donovan appeared in the gateway leading to the depot a rousing cheer rent the air and the reception committee gave three long and lusty cheers for the visiting players and the members of the special party.

It was indeed a royal welcome to "our city" and Donovan and his men shook hands with the members of the reception committee and thanked them for their hearty welcome and evidences of hospitality.

The players stepped aboard two specials bound for Redondo and were rushed to the beach city where they will start spring practice this morning. All of the players were enthusiastic about the scenery and the people of the Golden State. They could not find words to express their appreciation of the beautiful country lying between Brookside and Redondo.

The special was met at Pomona by a delegation of fans headed by George Cobb, an old Baltimore player and one of the great first ball players in the country. Cobb shook hands with Tip O'Neill, president of the Western Association, and chatted a few moments with Manager Donovan, whom he knew in the old days, fifteen or twenty years ago.

A small crowd greeted the special at Ontario and cheered as the train moved on toward the Angel City. Four or five Mexican ball fans shouted a welcome at Ponce, and the ball players returned the greeting in real baseball lingo.

As the train neared Los Angeles the seventy-five occupants of the Coast-to-coast train gathered in one of the Pullmans and sang that old familiar tune, "We're here because we're here, because we're here." At the fifty-seventh rendition Manager Donovan, who had been singing and relating funny incidents of the big cross-country jaunt.

**OLIVER IS MOVED TO JOX THE SOX.**

What do I think of the Red Sox? They don't even give an imitation of being ball players. In fact, they look more like a bunch of millionaires that have been sitting in the smoking car for the last hundred miles playing poker and telling stories that make every one laugh.

The only one of the whole outfit that seemed as if he might be able to tell the difference between a high ball and a fair ball was a slight, slender fellow that charged out of the depot with a suit case in each hand and a catcher's mitt tied on the end of one of them. He wanted to know where some one was, and as I didn't know who some one was, I couldn't tell him. Before I could guess he was half way to the street car that was to take him to Redondo Beach.

Of course, I went down to see the Red Sox special arrive. According to the railroad officials it was due first at 5:30, then at 7:30, then 7:15; then about 8 o'clock, and it finally arrived about 7:50 with six cars full of trunks, real and almost ball players, for there are always a lot of amateurs in a train load. There was a regulation cheer when the cars stopped, and then fifty men and women piled out with suit cases, pushed their way through the crowd of persons in the depot and walked hurriedly to the two special street cars that took them to Redondo Beach.

Of course, after seeing these fellows walking hurriedly to a street car any ordinary man should be able to tell whether or not they can win the American League pennant, but I can't. They are a clean looking set of fellows that

(Continued on Fourth Page.)

**RED SOX SWEETHEART.**

Little Elinor McBreen, daughter of Treasurer McBreen, made the trip With the Ball Players from Boston.

Pretty little Elinor McBreen, the four-year-old daughter of Treasurer Hugh McBreen of the Red Sox, made the 3500-mile coast-to-coast trip with her father and mother aboard the Red Sox special.

The players fell in love with the bright and vivacious little girl and immediately made her "official mascot" for the Red Sox while on their way from home journey.

She knows all the players by name and the boys could not do enough for her in the way of little favors on her way out to the Angel City.

She knows the Red Sox is going to win an "interview." "My daddy says so, and my daddy he knows everything. And besides Mister Donovan says so, and he knows just about as much as my daddy."

The little lass stood the long trip remarkably sweet and was as fresh as a daisy when the train rolled into the Arcade depot yesterday evening.

**Jolly Tr.**  
**CAPTAIN WAGNER SANG CRESCENDO.**

**SOME DETAILS OF THE RED SOX TRIP.**

Two Rival Quartettes Were Organized and Almost Sang the Train Off the Track—Jack Thorne, the Fast Infielder, Had a Race Over a Jack Rabbit—Good-bye to Stahl.

The coast-to-coast trip was replete with numerous dramatic, humorous happenings that helped make the long journey a pleasant and interesting one for players and members of the party.

The saddest feature in the whole 3500 mile trip was when Jake Stahl, dear old Jake—waved a fond farewell to Donovan and his men at Chicago when the special pulled out of the union depot.

Jake covered first base for the Red Sox for years and was the most popular player on the team. Everybody liked him, players and fans alike. Jake quit playing after last season and went to Chicago and helped open a real honest-to-goodness bank. He was honest vice-president. When the special arrived in the Windy City, Donovan and McBreen made a rush for the bank to persuade Jake to come back just for this season. But Jake was obdurate and furthermore informed Donovan that "his wife wouldn't let him."

Jake went down to the station and shook hands with his old side kickers on the diamond and told them all how sorry he was that he wasn't going to wear a Red Sox uniform this year.

The players amused themselves playing cards, singing and telling baseball yarns during most of the journey. Once, when the train stopped at a small town in Kansas, Jack Thorne, the fast Sox outfielder, espied a jack rabbit near the track. He immediately lit out after the "beast" and ran it several hundred yards until Mr. Rabbit made the big disappearance act into the convenient hole. Jack put his hand in the hole but bunny was far out of reach.

"I nearly got him," puffed Jackson on his return to the train. "If it hadn't been for the bloomin' hole I'd got him sure."

A Red Sox quartette was formed while the train was flying through Kansas. Hugh Bradley, the vaudevillian first sacker handled the tenor and Harry McElroy, known as Carrigan, the baritone and Larry Gardner dished up the bass.

Several of the players, especially Capt. Heine Wagner, Catcher Kleinow, Pitcher Collins, Clete and Treasurer McBreen, objected strenuously to the quartette and an inharmonious mutiny broke out shortly before the de-luxes arrived in El Paso, Cap. Wagner and McBreen got together and organized a second quartette, with the following ball tossers in the stellar roles: Heine Wagner, Kleinow, Carrigan and Clete. Wagner put over the barbershop harmony handed out by the quartette and an inharmonious mutiny broke out shortly before the de-luxes arrived in El Paso, Cap. Wagner and McBreen got together and organized a second quartette, with the following ball tossers in the stellar roles: Heine Wagner, Kleinow, Carrigan and Clete. Wagner put over the barbershop harmony handed out by the quartette and an inharmonious mutiny broke out shortly before the de-luxes arrived in El Paso, Cap. Wagner and McBreen got together and organized a second quartette, with the following ball tossers in the stellar roles: Heine Wagner, Kleinow, Carrigan and Clete. Wagner put over the barbershop harmony handed out by the quartette and an inharmonious mutiny broke out shortly before the de-luxes arrived in El Paso, Cap. Wagner and McBreen got together and organized a second quartette, with the following ball tossers in the stellar roles: Heine Wagner, Kleinow, Carrigan and Clete. Wagner put over the barbershop harmony handed out by the quartette and an inharmonious mutiny broke out shortly before the de-luxes arrived in El Paso, Cap. Wagner and McBreen got together and organized a second quartette, with the following ball tossers in the stellar roles: Heine Wagner, Kleinow, Carrigan and Clete. Wagner put over the barbershop harmony handed out by the quartette and an inharmonious mutiny broke out shortly before the de-luxes arrived in El Paso, Cap. Wagner and McBreen got together and organized a second quartette, with the following ball tossers in the stellar roles: Heine Wagner, Kleinow, Carrigan and Clete. Wagner put over the barbershop harmony handed out by the quartette and an inharmonious mutiny broke out shortly before the de-luxes arrived in El Paso, Cap. Wagner and McBreen got together and organized a second quartette, with the following ball tossers in the stellar roles: Heine Wagner, Kleinow, Carrigan and Clete. # "HONUS" CAN ESCAPE JURY.

Must Agree to Help Pirates  
Win the Pennant.

Judges to Assist Him if He  
Will Be "Good Dog."

Several Official Faps Mixed  
in Pretty Scheme.

(BY DIRECT WIRE TO THE TIMES.)  
PITTSBURGH, Feb. 23.—(Exclusive Dispatch.) Honus Wagner will agree to sign his contract with the Pittsburgh baseball club for the coming season, promised to accompany the Pirates on the training trip so as to properly condition himself that he may be in physical shape for a strenuous season, and will give his assurance that he will put up his best efforts throughout the coming season so that it will be possible for the locals to be contenders for championship honors in the National League, Judge John A. Evans and L. L. Davis will consent to excuse him from the jury duty of two weeks required of him, beginning March 6.

Wagner has had his friend, Attorney John S. Robb, Jr., trying to get him off, also Frank Haller, clerk in Common Pleas Court. Haller, in connection with acting as clerk of the court, is also a scout for the major league baseball clubs. For several years he was the scout employed by the Pittsburgh ball team and during last season secured several promising youngsters for the Philadelphia Nationals.

Judges Evans and Davis are baseball enthusiasts. Judge Evans, in his youthful days, was one of the best second basemen in the vicinity and once was tendered a contract to play professional ball but refused it.

The judges delivered their ultimatum to Haller and told him to tell Wagner.

# REGULARS TRIM THE YANNIGANS.

DANNY LONG'S STANDPAT BALL  
TOSSEWS WIN ON ERRORS.

Young Ward Dubbed Two Easy  
Grounders in First Inning and the  
Veterans Tally Two Runs—The  
Victors Bunched Their Bluffs in  
the Fifth and Sixth for Three Runs.

(BY DIRECT WIRE TO THE TIMES.)  
TO (Cal.) Feb. 23.—(Exclusive Dispatch.) A bitter east wind, bringing with it a reminder of the snow on the mountain tops some miles distant, interfered sadly with the training schedule that Danny Long had mapped out for this morning and afternoon. It was impossible for the men to get up a good perspiration with the wind blowing as it was and Long very wisely cut down the work at the grounds. But the weather wasn't allowed to interfere with the scheduled game between the Regulars and the Yannigans. The Regulars, much to their delight, broke the ice with their first victory of the season, but the Yannigans gave them a hard run and almost tied the score in the ninth, the final tally being 5 to 4.

A trio of errors gave the Regulars a start in the first inning and they were never headed, although they were given a fright when the kids commenced to land on Meikle in the last inning.

Young Ward, who was badly rattled as a starter, booted a couple of grounders right off the reel, Harris dropped a bunt from second and Meikle got a double, which gave the Regulars two runs. The Yannigans got one of them back in the same inning on an error by Weaver and a long drive by Meikle to right. The Regulars bunched their bluffs in the fifth and sixth for three more runs, but they had their scare in the ninth, when Ward, Browning and Joe Tobin, singles and Lewis batted, giving them two runs, with one out of a tie.

PATSY AN ADONIS.

Field Manager of the Red Sox Is a  
Very Strict Disciplinarian—Has  
Something Up His Sleeve.

Patsy Donovan, the manager and field general of the Red Sox, is a tall, fine looking chap, clean cut and athletic in appearance. He reminds one greatly of Frank Chance, the manager of the Chicago Cubs.

He has several "triple knicks" up his sleeve this year, according to Tip O'Neil. Donovan is a strict disciplinarian, he doesn't stand for any foolishness or four-furlong; he's business through and through.

Donovan played right field for Brooklyn for several years and managed the team. He went to Boston three years ago and has made good with a vengeance. He is very popular with players and fans alike, and John I. Taylor, owner of the club has the highest regard for him as a manager and friend.

# BASEBALL CHIPS OFF THE DIAMOND.

Brashear Takes Three Players  
North for Tryout—Jack Doyle  
Charges Coast League Staff Price  
for Use of Vernon Park—Fans  
Anxiously Wait for Opening.

Three of the boys, who have been playing in the Winter League have been signed by Manager Brashear of the Vancouver team of the Northwest League. They are Pitcher Garvin, who was tried out with the Vernon club in the early part of last season; Pitcher Hatch, formerly of the crack Covina team, and Pitcher Anderson, well known here as a pitcher and infielder.

Eddie Householder expects to start for Victoria on Sunday to make early preparations for his team there. He has picked up five players, well known in Southern California. Jim Manes of the Doyle-McCormick Winter League team, is to play first base. Clarence Marshall of Douglas, Ariz., will be one of his pitchers and Blaine Thomas, once of St. Vincent's, will be another. Jack Rosh of San Diego is to catch and Bill Goodman is signed for third base.

Jimmy Byrnes, formerly the Sacramento catcher and later a cigarette salesman, will catch again for Tacoma this year. In addition to being a good catcher, he is one of the most popular men in baseball and all of his friends hope he will do well this season.

The Northwest League season is to open April 15, and to continue for five months and twenty days, or until the first Sunday in October. They do pay good salaries there and give their youngsters more than the Coast League does.

It is rumored that Hugh Jennings of Detroit is to teach his men the Esperanto language this year so that it can be used in coaching. Why not teach them Chinese words, which are about as easy to learn and can be understood by a very few fans on the American league circuit.

Kittie Brashear figures now that he will appear in the Northwest about March 7, to look after his ball team. He says he has thirty-two men signed.

Now Overall is holding out because they cut him \$400 from his last year's salary. He didn't even earn that much during the last two months of the season. Still, Overall has a contract which is said to be well fixed up in Tulare county and as the boy has a gold mine further North he need not play ball.

Some of the local fans have commenced to figure how many days it

will be before they can see a real ball game. That means how many days before they can go out and roast the players the managers have signed for their teams.

The proposition to have but one game at the Vernon grounds this year instead of two every week, may or may not be a good business move. Last year the league was given the use of the Vernon park on the understanding that there would be two games each week, no charge being made for the park. This year the league will probably have to pay a good round sum for the use of the grounds and what- ever the amount is it will have to be paid for; there is no use in trying to get away from it. Jack Doyle says that if the league cannot play two games there, it will have to pay for one.

"Little Klein," the Los Angeles pitcher, is little no longer for during the winter he has developed into a big strong boy who should have a good season this year, if size counts for anything.

Some of the eastern papers have sarcastically announced that if the Boston Red Sox recover from their spring training trip to California they will be able to win a few games for the American League this year. If the Red Sox fare no better than the White Sox did last year, the eastern papers cannot expect any more big league teams to come to California.

The New York State League is priding itself on the fact that it intends this year to set aside a "kid's day." This is a day when the boys of the local teams have had for several years.

Old "By Blood" McVickers, the ground keeper of the once Chutes park, who was released by the management last fall has kicked up a row with the powers that be and has been reinstated.

Umpires Finney and McGreevy of the Coast League staff are to have charge of the exhibition games played here next month by the Red Sox.

Amateur ball fans need not fear that there will be many changes this year in the local rules for there has not been enough new stuff proposed this winter to choke a cat with.

# Live Wires—Sport Sparks.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Feb. 23.—Official computation of the marks made by riflemen at the annual New Jersey championships held in Jersey City yesterday, showed that Dr. Walter J. Hudson of New York, established a new world's record for 199 shots at a hundred yards standard American target. He made 184 hits out of a possible 199. The previous record was 187, made by D. W. King of Denver, in 1903.

AUTO MILE RECORD.—NEW YORK, Feb. 23.—There is much speculation in automobile row here as to whether any driver at Jacksonville next month, will be able to break the record of 27.23 seconds for a mile set by Barney Oldfield. If a driver can do this he will thereby cash off a prize of \$1000. An enterprising newspaper statistician has figured that the winner will be rewarded at approximately the rate of \$18,000 an hour.

HORSESHOE TOSSEWS.—SANTA ANA (Cal.) Feb. 23.—(Exclusive Dispatch.) Long Beach horse-shoe tossers, defeated the Santa Ana players in the forty game tournament held here today score 25 to 15. Long Beach players were Cody, Schilling, Ernie, Ustick, Elston, Weller, Poir and McCleary. Santa Ana's players were Feldner Brothers, Lang, Cockran, Ritter, Best, Cunningham, Barker, Chapman and Bickman.

BRECKS HIS NECK.—IOWA CITY (Iowa) Feb. 23.—William ("Farmer") Baldwin, claimant to the mat championship of Iowa sustained a broken neck in a match with

PRINCETON (N. J.) Feb. 23.—The intercollegiate wrestling match will be held here March 25. This will be the first time since 1897 that the intercollegiate has been awarded to Princeton.

One on Tommy.

"OH, YOU LIE SO PRETTY,"  
SAID LITTLE KOPETZKY.

HABITUES of Levy's are telling how Antonietta Kopetzky, the little Hungarian prima donna of "The Chocolate Soldier," "put it over" Tommy, a smart young Irish lad, who assisted especially to do duty at her table.

The first evening of her appearance at the cafe, Mike Kopetzky called Manager Ben Singer, and explained to him that, although she was sometimes at a loss for English synonyms, she was really particular on only one point of service—plates set before her must be hot-hot!

"Oh, madame, we'll make things hot for you—sure enough," said Mr. Singer, and forthwith he assigned Tommy to her service, explaining his chief duty in explicit language.

Mike Kopetzky appeared at least once every day, and Tommy always dropped a plate before her which would fry an egg in thirty seconds.

Then Tommy was also waiting on a party from Pasadena, who had seats adjoining Little Kopetzky, burdened with extra performances, looked tired and worn. Tommy's heart smothered him, as, hearing of a twenty-pound collation for the delegates from the Crown of the Valley, he realized that he had brought prime steaks and a plate which might have been just from the ice box.

But his Irish wit did not fail him. He dropped it on the table, and Kopetzky, as was her custom, reached the tips of her small pink fingers in the direction whence the grateful torridity should have come.

"Hey, ma'am," shouted Tommy, more emphatic than polite: "Don't you touch that one. It'll burn your fingers right off—sure it will!"

With a little squeal, Kopetzky drew her fingers back into the furs that lay across her lap.

Whenever Tommy could spare a moment from his other customers he

hurled a hot-plate warning at the Hungarian girl.

She obeyed him implicitly, looking up at him with a demurely grateful smile.

Finally, the thing got on Tommy's nerves, and when he removed the first service from the table he said haughtily:

"Was everything all right, ma'am?"

"Surely," she responded with more warmth than any plate ever possessed. As she left the table she dropped a silver dollar into Tommy's palm.

"Thank ye, ma'am, thank ye," Tommy said with gratitude.

"Oh, it's not so much for the service," said Kopetzky, in her demure way—"it's because you lie so quick and so very, very pretty."

One Day's Steps.

Have you ever counted up the number of steps which you have made in the course of one day—in going to business, in walking from one room to another at home and so on throughout the course of the day? If you will take the trouble to do so you will be surprised to find what a distance you have covered without realizing it. Multiply this distance by 365 and you will find that it will not require many years before you have made up the 25,000 miles, which is equal to the circuit of the world. Most of us, however, are too busy to count our steps, but if we did, we would find that we have descended as far as the depths of the most unfathomable abysses, even as far as the very center of the earth.

BOBBLED TOURNEY.

HUNTINGTON (N. Y.) Feb. 23.—"Society," as the term is understood in New York City, is a terrible "bobbled" this week for the annual bobbed-carnival. W. K. Vanderbilt, Jr., is one of the judges and prizes will be given to Mrs. Martin W. Littlejohn, wife of the Congressman-elect, who recently announced his candidacy for the United States Senate.

The fastest time made thus far is by the Tarnutla, a heavy sled of the torpedo boat type, which made the mile from a flying start in 44.34 seconds.

More Guessing.

JOHN L. THINKS  
SAM TOO SMALL.

SAYS LITTLE BLACK CANNOT DEFEAT JOHNSON.

# RIVERS GROWS MORE CAUTIOUS.

Expects to Rest, Perchance to  
Gain Weight.

Fought to Please McCarrey on  
This Occasion.

Conley Match Not Arranged  
Nor Offer Made.

"I ain't going to do nothin' now but take a long rest," declared Joe Rivers yesterday, in talking of the immediate future.

"I may go away for a month after I fix up that house for my mother, but I won't do any fighting for awhile. I'm not in the best of health, and my hands hurt me from hitting that fellow on the head."

"That Reagan, by the way, is a mighty tough boy, all right, but I would have beaten him in short order if he had stood up and fought me. He's a hard one to get at, with that long left arm sticking out. I didn't think he was so tough, but I couldn't do my best in the last half of the fight because I hurt my hands in the sixth round hitting him on the back of the head."

"Of course, I intend to get that house for my mother the first thing I do and I will stay around here for two months anyway. If I go East it will not be until May, for it is too cold back there now. I'm going to the city to see Reynolds beat Smith in eight. McCarrey offered me a date here with Conley for March 4, but that's too soon for my hands are not right now. Afternoon: Keeney beat Ormsby, 3 up; Reynolds beat Peden-ton, 3 up; Reynolds beat Peden-ton, 3 up; Reynolds beat Peden-ton, 3 up."

"I had an offer from Boston and I got another today from Kansas City where they want me to fight Tommy Dixon. I've turned them down because I don't want to go East now on account of the cold weather. I may take up these two, for there will be a fight between them."

DOES NOT FEAR HIM.

"A lot of people think I may be afraid of Conley, but all I will say about that is that I want to be right when I fight him and I am not now. I went on here with Reagan on McCarrey's account."

"I will say that I will meet any one in the country if he will make 122 pounds at 10 o'clock in the morning for an afternoon fight. I don't think I will take on Reagan again, for he wouldn't draw anything after having beaten me once. If I go East I will probably take up those offers from Kansas City and Boston, but nothing is settled now, for I want to see what happens."

Rivers does not boast about any prowess he may have, but seems to take things as a matter of course. He is confident of his ability, and realizes that he should rest, for he has trained for four straight fights and, having won all of them, he does not figure why he should get right out and seek more scraps. He has trimmed all the boys that McCarrey has matched for him.

Although Rivers says McCarrey offered him Conley for March 4 at the Varsity arena, McCarrey says he did not. However, Mac says that he has a future before him, apparently, and should go easy now and pick off the easy ones before going back East to tackle the live ones. He is too good a boy to ruin his chances by mixing with the top-notchers without more experience, and this is what he needs.

Officers and men of the Pacific Squadron are greatly excited over the coming match race between the cutter crews from the South Dakota and California cruisers to be held at San Pedro March 6 or 7. The exact date has not been definitely set by the commanders of the war-dogs.

Thousands of dollars have been wagered on the coming contest between the heavy and strong-muscled sailors by officers and men of the respective cruisers and it is estimated that the spectators will be "up" the day of the event.

The South Dakota crew was awarded the championship of the American battleship and cruiser cutter crew a year ago at Callao, Peru, when it defeated the West Virginia cutter crew in a stirring race. The South Dakota cutter crew has been in the lead three feet in advance of the West Virginia boat. The event was witnessed by twenty thousand spectators and thousands of American sailors.

The California crew is picked by many to defeat the champion aggregation of our pullers and haulers of Native Sons will be on hand the day of the race to cheer the California boys on to victory. Both crews are practicing daily at San Diego where the cruisers are anchored and excellent time has been made by each crew in time trials.

A course at San Pedro will be measured off in a few days by officers of the vessels. The course will be three miles in length and will be made the break-water. Twelve men constitute a crew. Several days before the race the officers of the South Dakota will send a pure to the California for the officers to "cover." The sailors of the Dakota will send their own of the realm of the California for the sailors to meet with a similar amount. Officers are not permitted to bet with sailors; this is a hard and fast naval rule.

FAMOUS ROOTERS.

"Nuf Ced" McGreevy and Three Other Scarcely Less Famous Foes Will Be With the Team.

"Nuf Ced" McGreevy and three other scarcely less famous rooters will be with the team at Redondo.

Several charter members of the Orpheus are housed at the Redondo Hotel with the players "Nuf Ced" McGreevy, grand exalted ruler of Rooters Row, has had charge of the official horseshoe from the start and it will remain in his keeping until the wind-up.

To assist him in keeping any signs of a flinch in the remote background, "Nuf Ced" McGreevy has secured Joe Burns and James Donohue will be on duty likewise from get-away to wind-up. This leather-lunged quartet of rooters have been on all the Red Sox training trips for the last four years.

"Were going to nail the cheese cloth on the old constitution pole at Boston this fall," rab-raled "Nuf Ced" just before the whistle blew for Los Angeles. "Donovan is a great manager. McGreen is a great treasurer and the players signed are the best I've ever seen so what's the use of worrying. We're bound to win." McGreevy originated the phrase "Nuf Ced."

JACKSONVILLE RESULTS.

JACKSONVILLE (Fla.) Feb. 23.—The programme today was without a feature, the majority of the races being selling events. Following was a four-furlong race, won by Silas Grump won, Elard second, Nello third; time 1:43.5.

Six furlongs: Henry Hutchinson won, Heine second, Golden Ruby third; time 1:54.5.

Mile and 70 yards: The Mount won, Faversham second, Bedminster third; time 4:14.5.

Seven furlongs: White Wool won, Antenor second, Star Charter third; time 1:57.5.

Eight furlongs: Dearle won, Radiation second, Grecian Bend third; time 1:47.5.

Nine furlongs: Goleonda won, Galvino second, First Peep third; time 1:55.5.

# GATES A WINNER.

winners should be Norman Macbeth, as the wise ones are counting on a most interesting final between Macbeth and Armstrong.

In the second flight competition, the most notable surprise was the defeat of Walter Cooby, last year's semi-finalist, by Dr. West Hughes of Los Angeles, by 1 up. On top of that came a defeat of J. J. Mellus in the afternoon by the same Dr. Hughes, by the surprising score of 6 up and 5 to play. In this flight Benjamin Thaw, Jr., of Pittsburgh, did some good work, but finally succumbed to Nat F. Wilder, son of Los Angeles, by 2 down and 5 to go.

Following are the results of the first round of match play for the championship: Wright beat Johnstone, 5 up, 19 holes; Williams beat Hornby, 5 up and 4 to play; Salisbury beat Martin, 3 up and 1 to play; Armstrong beat Elliot, 5 up and 3 to play; Fredrickson beat MacKellan, 6 up and 4 to play; Gates beat A. F. Brown, 4 up and 1 to play; Braly won from Edwards by default; Macbeth beat T. B. French, 4 up and 3 to play. Afternoon: Wright beat Johnstone, 1 up, 20 holes; Armstrong beat Salisbury, 6 up, 5 to play; Gates beat Fredrickson, 3 up, 3 to play; Macbeth beat Braly, 2 up, 5 to play.

Second flight, morning: Hughes beat Cooby, 1 up; L. Clark defaulted to Mellus; Ginn defaulted to Thaw, Jr.; Wilder beat Knappe, 4 up, 5 to play; Clifford beat Ball, 4 up, 3 to play; Rawlins beat A. S. French, 4 up, 3 to play; Clinch won from Coffin by default; G. S. Eaton defaulted to Huntington. Afternoon: Hughes beat Mellus, 4 up, 5 to play; Wilder beat Thaw, 2 up, 1 to play; Clifford beat Rawlins, 6 up, 5 to play; Byington defaulted to Clinch.

Third flight, morning: Dewitt lost to Keeney, 1 down and 5 to play; Ormsby beat Alley, 6 up, 5 to play; Peden-ton beat Dewitt, 6 up, 5 to play; Mackey defaulted to Prior; O. B. Carter drew a bye; E. H. Lockwood a bye; Fuffs defaulted to Chaffee; Keeney beat Ormsby, 2 up; Reynolds beat Peden-ton by default; Lockwood defaulted to Chaffee.

Timbers Will Shiver.

CUTTER RACES  
WAKE JACK UP.

REAL CONTEST COMING BETWEEN WARSHIP'S CREWS.

Men of South Dakota and California Cruisers Are Training Hard for Water Battle in Two Weeks at San Pedro—Large Sum of Money Will Be Wagered.

Officers and men of the Pacific Squadron are greatly excited over the coming match race between the cutter crews from the South Dakota and California cruisers to be held at San Pedro March 6 or 7. The exact date has not been definitely set by the commanders of the war-dogs.

Thousands of dollars have been wagered on the coming contest between the heavy and strong-muscled sailors by officers and men of the respective cruisers and it is estimated that the spectators will be "up" the day of the event.

The South Dakota crew was awarded the championship of the American battleship and cruiser cutter crew a year ago at Callao, Peru, when it defeated the West Virginia cutter crew in a stirring race. The South Dakota cutter crew has been in the lead three feet in advance of the West Virginia boat. The event was witnessed by twenty thousand spectators and thousands of American sailors.

The California crew is picked by many to defeat the champion aggregation of our pullers and haulers of Native Sons will be on hand the day of the race to cheer the California boys on to victory. Both crews are practicing daily at San Diego where the cruisers are anchored and excellent time has been made by each crew in time trials.

A course at San Pedro will be measured off in a few days by officers of the vessels. The course will be three miles in length and will be made the break-water. Twelve men constitute a crew. Several days before the race the officers of the South Dakota will send a pure to the California for the officers to "cover." The sailors of the Dakota will send their own of the realm of the California for the sailors to meet with a similar amount. Officers are not permitted to bet with sailors; this is a hard and fast naval rule.

The California crew is picked by many to defeat the champion aggregation of our pullers and haulers of Native Sons will be on hand the day of the race to cheer the California boys on to victory. Both crews are practicing daily at San Diego where the cruisers are anchored and excellent time has been made by each crew in time trials.

FAMOUS ROOTERS.

"Nuf Ced" McGreevy and Three Other Scarcely Less Famous Foes Will Be With the Team.

"Nuf Ced" McGreevy and three other scarcely less famous rooters will be with the team at Redondo.

Several charter members of the Orpheus are housed at the Redondo Hotel with the players "Nuf Ced" McGreevy, grand exalted ruler of Rooters Row, has had charge of the official horseshoe from the start and it will remain in his keeping until the wind-up.

To assist him in keeping any signs of a flinch in the remote background, "Nuf Ced" McGreevy has secured Joe Burns and James Donohue will be on duty likewise from get-away to wind-up. This leather-lunged quartet of rooters have been on all the Red Sox training trips for the last four years.

"Were going to nail the cheese cloth on the old constitution pole at Boston this fall," rab-raled "Nuf Ced" just before the whistle blew for Los Angeles. "Donovan is a great manager. McGreen is a great treasurer and the players signed are the best I've ever seen so what's the use of worrying. We're bound to win." McGreevy originated the phrase "Nuf Ced."

JACKSONVILLE RESULTS.

JACKSONVILLE (Fla.) Feb. 23.—The programme today was without a feature, the majority of the races being selling events. Following was a four-furlong race, won by Silas Grump won, Elard second, Nello third; time 1:43.5.

Six furlongs: Henry Hutchinson won, Heine second, Golden Ruby third; time 1:54.5.

Mile and 70 yards: The Mount won, Faversham second, Bedminster third; time 4:14.5.

Seven furlongs: White Wool won, Antenor second, Star Charter third; time 1:57.5.

Eight furlongs: Dearle won, Radiation second, Grecian Bend third; time 1:47.5.

Nine furlongs: Goleonda won, Galvino second, First Peep third; time 1:55.5.
